Economic Conditions

Two years ago, Washoe County, like most local governments, was facing the economic uncertainty and acute fiscal impact resulting from the worldwide COVID-19 pandemic. Accordingly, the County acted quickly and prudently by anticipating revenue losses due to the lockdown, closing of businesses, and spike in unemployment - to over 19 percent, as well as increased expenditures in response to the public health and safety needs of the community. Despite the economic slowdown, the county ended Fiscal Years 2020 and FY 2021 with positive operating results, attributed largely to its conservative budgeting practices, and better-than-anticipated revenue collections.

During Fiscal Year 2021, the County received and deployed over \$20 million in federal CARES Act funding through the State of Nevada, a \$6.6 million federal Emergency Rental Assistance grant, and filed over \$7

million in claims for reimbursement of COVID-19 related regional response costs from FEMA. The County was also awarded over \$90 million in federal funding under the America Rescue Plan Act to be expended over the next several fiscal years. However, that funding and an additional \$5.4 million in Emergency Rental assistance grant funding was not included in the Fiscal Year 2022 Budget.

Washoe County is recognized as the regional economic hub in northern Nevada, and the prospects for long-term growth and improving economic diversification are positive. The pandemic's impact on the local economy was not as significant than the impact statewide. According to the U.S. Bureau of Labor Statistics, the unemployment rate in Washoe County in March 2022 was 2.6%, as compared to the State of Nevada at 5.0% and a rate of 3.6% nationally. However, Washoe County is not immune to the headwinds facing the national and global economies. Inflation is at its highest level in 40 years primarily due to the high prices for commodities, energy and food resulting from continued global supply chain shortages and increased shipping costs. This was already the trend by late February even before the Russian invasion of Ukraine which contributes additional global economic stress and impacts. The Federal Reserve has begun tightening interest rates to slow economic growth and is expected to continue to do so throughout 2022 and into next year. As such, Washoe County will take a measured approach to funding the FY 2023 budget.

Fiscal Year 2023 General Fund Budget Highlights

The Fiscal Year 2021 General Fund Budget included reductions in capital improvement projects and the contingency budget, a soft hiring freeze, and a new review process for major expenditures. The Direction from the Board of County Commissioners was to:

- Maintain Services (focus on priorities to support public health),
- Keep Employees Working, and
- Use Reserves Wisely

Some of the Fiscal Year 2021 impacts were addressed with the Fiscal Year 2022 budget, including reinstatement of the General Fund transfer to the Capital Improvement Fund, increasing the contingency budget, and providing additional funding for regional homelessness and modest service expansion. Looking ahead to FY 2023, these tenets still hold.

The General Fund continues to be the County's largest and most comprehensive fund encompassing a wide variety of functions and programs. With a growing population in Washoe County, costs to provide County services to the community are also increasing. These costs were outpacing the County's revenue growth prior to COVID 19.

In Fiscal Year 2023, a normalization in revenue growth is anticipated to cover base (existing) budget needs and combined with reallocations of existing budget will provide funding for certain enhancements. The Fiscal Year 2023 General Fund Tentative Budget includes an increase of transfers for capital improvements, maximum statutory contingency budget, funding for services and supplies and personnel cost increases, certain enhancements, and continued expansion of regional homelessness services. These enhancements and program expansions must be sustainable going forward to ensure a structurally balanced budget over the long-term. Fiscal Year 2023 appropriations have been examined and refined as part of the Final Budget.

Sources:

General Fund total sources, which includes revenues and transfers-in, are currently estimated to total \$462,453,981, an 5.8% increase over estimated Fiscal Year 2022. Approximately 84% of the County's

General Fund revenues derive from two sources: Ad Valorem Property Tax and Consolidated Tax (C-Tax). When including Supplemental City-County Relief Tax (SCCRT) AB104, total Ad Valorem, C-Tax and SCCRT AB104, represents 88% of total General Fund revenue.

The County's single greatest source of General Fund revenue, property taxes, took well over a decade to recover from the economic downturn of the Great Recession and the impact of property tax abatement. A total of more than \$430 million, of which \$351 million represents the General Fund, in property tax revenue has been abated since Fiscal Year 2006. In recent years, the housing market in Washoe County has accelerated to meet the demand of a growing population, leading to a significant amount of new construction being placed on the property tax rolls with higher prices for both new and existing properties.

For Fiscal Year 2023, the County is projecting total General Fund property taxes of \$221,444,279, an increase of \$18,380,527, or 9.0%, which includes the one-time non-abated taxes for new construction. The abated amount of property tax revenue, which represents property tax revenue not received by the County, for Fiscal Year 2023 totals over \$51 million for all funds and over \$42 million for the General Fund.

In the current fiscal year, through February 2022, taxable sales in Washoe County are up 16.2% over the prior year-to-date, as compared to a 26.7% increase statewide. Because Washoe County didn't see the severe, acute and prolonged negative impact to taxable sales in the prior fiscal year, it's expected that Washoe County's increase compared to prior year would be lower than the statewide average-which is heavily impacted by Clark County. The County's C-Tax revenues are up 13.46% over the same period last year. Washoe County did see a retraction during the spring of 2020 but has experienced an overall increase in C-Tax components since then. For Fiscal Year 2023, the County estimates C-Tax revenue to total \$165,978,000, an increase of 5.5% over Fiscal Year 2022 estimated revenue.

Uses:

General Fund uses, which includes expenditures, transfers out, stabilization reserves and contingency are budgeted to total \$509,648,196, an increase of \$61,775,809, or 13.8% in Fiscal Year 2023 compared to Fiscal Year 2022 estimated uses. As a service providing organization, the County's largest General Fund expenditure category, approximately 74%, supports personnel costs. This is a slightly lower percentage than historical averages due to the one-time \$22,000,000 budget for a legal property tax settlement agreement.

Since the Great Recession and the resulting budget reductions, now over a decade ago, the County has not had the financial resources to hire as many additional employees as requested by departments to meet increased demands for services and programs. Instead, the County has focused on becoming more efficient in its service delivery through technology, contracting services, organizational and process improvements. Those same strategies became crucial in continuing to operate the County and provide services to the community during the pandemic. Through remote working and increased on-line services, the County was able to make improvements in efficiency and customer service, many of which will continue even after the pandemic is over.

Personnel costs, which include expenditures for salaries and wages, employee benefits and other post-employment contributions for Fiscal Year 2023 are budgeted to total \$285,885,014, which is an increase of \$26,551,914, or 10.2% compared to Fiscal Year 2022 estimated. The FY 2023 Final Budget includes

67.05 additional net FTE positions. There are also cost increases due to various existing employee personnel expenses such as merit and promotions.

Collective bargaining agreements with all Washoe County Employee Associations expire June 30, 2022. The county is currently negotiating with Collective Bargaining units. The contribution rates for the Nevada PERS pension plans will not change in Fiscal Year 2023.

For Fiscal Year 2023, services and supplies expenditures are budgeted to total \$100,191,418 which is an increase of \$10,558,277, or 11.8% compared to Fiscal Year 2022 estimated. Of this total increase, ongoing services and supplies expenditures are budgeted to increase \$4,558,277, or 6.2%. This reflects the use and allocation of all but \$1,000,000 of Fiscal Year 2022 Contingency. The remaining \$6,000,000 increase compared to Fiscal Year 2022 estimated reflects the legally required property tax settlement payments.

In Fiscal Year 2023, the County's capital improvement program total transfer is budgeted at \$44,996,175, consisting of the Fiscal Year 2023 base transfer of \$7,000,000 and, as mentioned earlier, a one-time increase of \$37,996,175 to address Infrastructure Scorecard funding for essential capital improvements. This represents the statutory maximum General Fund transfer to the Capital Improvement Projects Fund.

The Fiscal Year 2023 Tentative Budget reflects total sources and uses for the General Fund balanced with an anticipated decrease in fund balance of \$47,194,215. This estimate includes the second year of property tax settlement refund payments, increased transfer to the capital improvement program, and additional General Fund estimated operations support of approximately \$26 million for a variety of new and expanded programs such as Legislative Impacts (i.e., AB424, Election Reform), Criminal Justice, Vulnerable Populations, Central/Regional/Other support services. The County will continue to prepare a five-year forecast of the General Fund to identify possible structural deficits based on the cumulative impact of forecasted revenues and expenditures to ensure long-term fiscal sustainability.

Fund Balance:

Washoe County's current policy is to maintain an unassigned General Fund balance of between 10% and 17%. Based on the Final Fiscal Year 2023 Budget, the estimated unassigned General Fund balance as of June 30, 2023, would be \$82,542,096, which represents unassigned fund balance of 16.6% based on estimated expenditures and transfers out not including capital outlay. This reflects a reduction in unassigned fund balance of \$38,515,157. The Fiscal Year 2023 Tentative Budget also reflects a \$1,000,000 increase of the Stabilization Reserve in restricted fund balance, from \$3,000,000 to \$4,000,000, which represents approximately 1.0% of budgeted operating costs. A summary of the Washoe County General Fund Fiscal Year 2023 Final Budget in terms of total sources and total uses, with comparisons to prior years is presented on the following page.
