NEW CONSTRUCTION	0	0	548,950	192,133	548,950	192,133

EXPLANATION:

Assessment of real property not on the secured tax roll-property escaping taxation. During the 2019 roll year, it was discovered that the residence located on this parcel had never been on the tax roll. Further investigation through physical site inspection and building permits revealed the home had been constructed and received final inspections on June 27, 2018. The proposed value corrects the omission of the improvements.

LAND SALES

RECOMMENDATIONS/COMMENTS:

UPHOLD: XXX

REDUCE:

The subject property is single family residence located at 2855 Monterey Dr in Southwest Reno. The residence was built in 2018, it has 3,182 square feet of living area, a 1,084 square foot garage, 3 bedrooms and 3 and a half bathrooms. This is a single story home of very good quality on a third of an acre parcel.

IS-1 is the sale of a home similar in living area, garage area and lot size. This home has 3 bedrooms, 2 and a half bathrooms, is of the same quality as the subject. This comparable is inferior in age as it was built in 2015 making it 3 years older than the subject. IS-1 is the most comparable to the subject. IS-2 and IS-3 are sales of homes similar in living area size but extremely inferior in age and slightly inferior in quality class. All three of these comparable sales represent homes of similar size on a similar size lots in closely surrounding neighborhoods.

LS-1 is the sale of the subject parcel and is the best indicator of value. Even though this is a 2015 sale, the market has only appreciated since this time. LS-2 is of similar size, in the same neighborhood and also sold in 2015. LS-3 is similar in size, in close proximity to the subject, but in a somewhat superior neighborhood, located on Manzanita Ln, this sale is more recent having sold in 2016.

The subject property sold on August 7, 2018 for \$1,030,000 or \$324 per square foot. In conclusion, the above improved sales range from \$226 per square foot to \$282 per square foot and support the subject's 2018 total taxable value of \$214 per square foot.
