## EXECUTIVE SUMMARY

This Debt Management Policy was created to fulfill the requirements of NRS 350.013. The Washoe County School District (the “District”) is generally limited in the bonds it can issue by its statutory debt limit, the \$3.64 limit on overlapping tax rates, and the amount of revenue available to pay debt service on bonds. This Debt Management Policy discusses the outstanding and proposed debt of the District, its ability to afford such debt, and other items relating to the issuance of bonds by the District.

As of June 30, 2021, the District has \$1,128,974,428 of total general obligation debt. While significant, the District conservatively issues debt with a coverage requirement and certain reserves, which will allow the District to pay its debt during fluctuations in the business cycles. The District’s total outstanding general obligation debt consists of three types of debt:

### General Obligation Bonds Paid by Property Tax

This type of general obligation debt is paid by the levy of a specific property tax. The County currently levies \$0.3885 at the District’s request for the repayment of debt as allowed by the voters and legislature. The 2021 State Legislature approved legislation allowing the District to issue general obligation bonds over a ten-year period via a “rollover” authorization which allows the District to utilize revenues from the existing \$0.3885 tax rate to repay bonds and provide funding for capital projects. The authorization will expire in March 2035.

Issuance of bonds is conditional upon certain findings being made by the District’s Board of Trustees (the “Board”) and approval from the Washoe County Debt Management Commission and the Washoe County School District Bond Oversight Panel. The Debt Management Commission approves findings related to the District’s debt limit, the overlapping tax rate, affordability of debt and the maintaining of required reserves. The Bond Oversight Panel approves a finding that there is a need for school district capital projects equal to or greater than the amount of the proposed bonds.

The District has a total of \$574,325,000 of general obligation bonds paid by property taxes.

### General Obligation Revenue Supported Bonds

In November 2016, Washoe County voters approved the WC-1 ballot measure to increase the County’s sales and use tax by 0.54% for capital facilities for Washoe County School District. Together with expected property tax revenues generated by the \$0.3885 tax rate, WC-1 revenues are expected to generate sufficient monies to finance several new schools needed to address current overcrowded conditions; repair, upgrade and reconstruction of existing schools; and new schools needed to address future growth. WC-1 revenues may be used to pay for projects on a pay-as-you-go (“PAYGO”) cash basis or to pay debt service on bonds that pledge this source. The District may issue either general obligation revenue supported bonds or revenue bonds using this funding source. To date, the District has chosen to issue the former form of finance due to lower interest costs associated with general obligation debt.

A total of \$547,085,000 of general obligation revenue supported bonds pledging this revenue have been issued. Presently, debt service on these bonds consumes roughly 67% of estimated fiscal year 2021 WC-1 sales tax revenues.

Issuance of bonds is conditional upon certain findings made by the District's Board and approval from the Washoe County Debt Management Commission that such bonds can be paid within existing revenues. The Capital Funding Protection Committee also approves the expenditure plan associated with the bonds as requested by the Board. The District has authorization to issue \$49,220,000 of general obligation revenue supported bonds paid from WC-1 sales tax revenues. The District plans to issue such bonds in fiscal year 2022.

#### General Obligation Medium-Term Notes

State law allows the issuance of medium-term notes ("MTN's"), which have a term of 10 years or less, as approved by the State Department of Taxation. The District has \$7,564,428 of general obligation medium-term notes outstanding. This type of financing is typically used by the District for the purchase of vehicles for student transportation.

The District has identified the need to issue approximately \$3,400,000 of MTN's for capital projects in fiscal year 2022.

#### Available Statutory Debt Limit

The District has approximately \$1,812,985,053 of available statutory debt limit.

The District reserves the right to issue bonds at any time legal requirements are met.

#### Capital Improvement Plan

The District has identified the need for various capital improvement projects in its Capital Improvement Plan. A summary of that plan is attached as Appendix B.

SOURCE: The District's 2022 Final Budget and the District's finance office

The 2010D and 2010E School Improvement Bonds are Qualified School Construction Bonds ("QSCB's") and are subsidized by the federal government. This subsidy is paid by the federal government directly to the District. The interest subsidy on the QSCB's is determined by the subsidy rate in place on the day the bonds were sold. Schedules in this document are based on the debt service net of the subsidy payments. As a result of the effects of certain provisions in the Budget Control Act of 2011 (the "Act") which became effective March 1, 2013, the subsidies will be cut. These subsidies on the District's bonds have been reduced by 5.7% through September 30, 2021. The provisions of the Act prescribe cuts to the subsidies on direct pay bonds, RZEDB's and QSCB's, through federal fiscal year 2030. What these cuts may be and how long they will remain in effect are not certain.

Appendix A contains individual debt service schedules for each of the outstanding general obligation bond issues.

The District anticipates the need for numerous capital projects for which general obligation bonds could be issued.

The following section demonstrates the ability of the District to make principal and interest payments on the outstanding bonds.

## General Obligation Bonds

The District currently has \$574,325,000 of outstanding general obligation debt paid by the levy of a specific property tax. The following table details the payments on the outstanding bonds.

### Property Tax Secured Bonds Outstanding Debt Service June 30, 2021

Fiscal Year Ended June 30	Principal	Interest <sup>1</sup>	Adjustments <sup>2</sup>	Annual Debt Service
2022	\$41,150,000	\$23,387,559	(\$372,790)	\$64,164,769
2023	43,170,000	21,506,459	(372,790)	64,303,669
2024	44,435,000	19,369,509	(372,790)	63,431,719

2045	10,690,000	607,825	0	11,297,825
2046	<u>11,055,000</u>	<u>309,200</u>	<u>0</u>	<u>11,364,200</u>
TOTAL	\$574,325,000	\$191,266,160	(\$2,236,740)	\$763,354,420

(footnotes begin on the following page)

<sup>1</sup> Excludes any RZEDB or QSCB credits.

<sup>2</sup> Includes expected subsidy payments on the 2010D and 2010E bonds. Does not include cuts to the subsidy which may result from the effects of certain provisions in the Budget Control Act of 2011 (the "Act") which became effective March 1, 2013. The subsidy on the District's bonds has been reduced by 5.7% through September 30, 2021. The provision of the Act prescribes cuts to the subsidies on subsidy bonds through federal fiscal year 2030. What these cuts may be and how long they will remain in effect are not currently certain.

---

SOURCE: The District; compiled by JNA Consulting Group, LLC

The District is currently levying a tax rate of \$0.3885 to repay the outstanding bonds. The revenues generated by the tax rate, the balance in the Debt Service Fund, and interest earnings are anticipated to be sufficient to pay the outstanding bonds and any future bonds. The following table demonstrates the sufficiency of the property tax revenues to pay debt service.

#### Coverage of Debt Paid by Property Tax<sup>1</sup>

Fiscal Year	2020 Audited	2021 Estimated	2022 Budgeted
Property Tax Revenues	\$62,462,449	\$64,852,715	\$70,501,068
Earnings on Investments	<u>1,914,224</u>	<u>534,365</u>	<u>556,671</u>
TOTAL REVENUE	\$64,376,673	\$65,387,080	\$71,057,739
Annual Debt Service	\$55,711,862	\$58,440,845	\$64,164,769
Coverage	1.16	1.12	1.11

<sup>1</sup> The District estimates an ending balance in the Debt Service Fund related to the property tax paid bonds of \$56,924,333 as of June 30, 2021. This amount is in excess of the statutorily required reserve.

### Medium-Term General Obligation Debt

The District currently has \$7,564,428 of outstanding medium-term general obligation debt. The District budgets for the payments on its medium-term notes from its Government Services Tax Capital Projects Fund, except for Series 2021, which is funded out of the General Fund and used for purchase of textbooks and other instructional materials. In addition to the Capital Projects Fund resources, the ending balance of the General Fund is also available for payment. The spendable portion of the General Fund ending balance is budgeted at \$44,095,067 as of June 30, 2022. The following tables details the payments on the outstanding general obligation medium-term bonds.

#### General Obligation Medium-Term Debt Outstanding Debt Service June 30, 2021

FY Ending June 30	Annual Debt Service		
	Principal	Interest	Debt Service
2022	\$4,839,428	\$89,172	\$4,928,600
2023	1,353,000	42,270	1,395,270
2024	978,000	18,659	996,659
2025	<u>394,000</u>	<u>4,886</u>	<u>398,886</u>
TOTAL	\$7,564,428	\$154,987	\$7,719,415

### Proposed Medium-Term General Obligation Debt

The District anticipates issuing additional medium-term general obligation debt at various times during fiscal year 2022. It anticipates the need for \$3,400,000 to finance fleet vehicles, print shop equipment, and textbooks. Pro-forma debt service schedules for the proposed medium-term bonds are below.

**Proposed Medium-Term GO Debt  
Pro-Forma Debt Service Requirements  
June 30, 2021**

Fiscal Year	Principal	Interest	Annual Debt Service
2022	\$0	\$8,500	\$8,500

### General Obligation Revenue Supported Bonds

The District has \$547,085,000 of general obligation revenue supported bonds outstanding paid from sales tax revenues. The District anticipates that they pledged revenues will be sufficient to repay the outstanding sales tax bonds and that no ad valorem tax rate is anticipated to be necessary for the payment of the outstanding sales tax bonds during the term of the proposed sales tax bonds.

The following table details the payments on the outstanding bonds.

**Sales Tax Secured General Obligation Bonds**

**Proposed General Obligation Revenue Supported Bonds**

The District received authorization in September 2018 and May 2019 from the Washoe County Debt Management Commission to issue \$300,000,000 and \$100,000,000, respectively, of general obligation revenue supported bonds. The District issued \$85,000,000 of that debt in December 2018, \$100,000,000 in December 2019, and \$165,780,000 in May 2020. The remaining authorization is \$49,220,000. The District anticipates issuing the bonds in FY 2022.

**Proposed Sales Tax Secured General Obligation Bonds**

The District has authorization to issue an additional \$49,220,000 of general obligation bonds which it expects to issue in fiscal year 2022, as show in the table below:

<b>Issue</b>	<b>Issuance Date</b>	<b>Authorized/Proposed Amount</b>
School Improvement Bonds <sup>1</sup>	FY 2022	\$49,200,000

<sup>1</sup> The District anticipates receiving premium in excess of the principal amount of the proposed bonds. The estimated premium is approximately \$5,000,000.

### General Obligation Debt Limit

*NRS 350.013 1.(c)(2) A discussion of its capacity to incur authorized and proposed future general obligation debt without exceeding the applicable debt limit.*

The District is limited by state statutes as to the amount of general obligation debt it can have outstanding. The limit is equal to 15 percent of the District's total assessed valuation. As of June 30, 2021, the District has \$1,128,974,428 of general obligation debt outstanding. Based on the fiscal year 2021 assessed value (including the redevelopment agencies), the District's available general obligation debt limit is approximately \$1,812,985,053, assuming issuance of the authorized and proposed bonds.

#### General Obligation Debt Limit Based on Fiscal Year 2021 Assessed Value

Assessed Value	\$19,346,366,369
Reno Redevelopment Agency #1	165,525,104
Reno Redevelopment Agency #2	155,974,631
Sparks Redevelopment Agency #1	144,574,990
Sparks Redevelopment Agency #2	<u>151,422,112</u>
Total Assessed Value	\$19,963,863,206
General Obligation Debt Limit (15%)	\$2,994,579,481
Outstanding General Obligation Debt	<u>(1,128,974,428)</u>
Available General Obligation Debt Limit After Currently Outstanding GO Debt	\$1,865,605,053
Authorized but Unissued General Obligation Debt	(\$49,220,000)
Proposed Medium-Term Bonds	(3,400,000)
Available General Obligation Debt Limit After Outstanding and Authorized Debt	<u>\$1,812,985,053</u>

SOURCE: Nevada Department of Taxation, Fiscal Year 2020-2021 Property Tax Rates for Nevada Local Governments, and the District; compiled by JNA Consulting Group, LLC

Other factors also limit the amount of debt the District can issue. These factors include, but are not limited to, overlapping tax rates, available revenues, market conditions, and type of project to be funded.

## General Obligation Debt Comparisons

NRS 350.013 1.(c)(3) A discussion of its general obligation debt that is payable from property taxes per capita as compared with such debt of other municipalities in this state.

NRS 350.013 1.(c)(4) A discussion of its general obligation debt that is payable from property taxes as a percentage of assessed valuation of all taxable property within the boundaries of the municipality.

The following table shows a comparison of the District's outstanding debt with the other school districts in Nevada.

### General Obligation Debt Comparison June 30, 2021

District	General Obligation Debt	Population	FY 2021 Assessed Value	GO Debt Per Capita	GO Debt as a % of Assessed Value
Carson City School District	\$54,075,000	56,434	\$1,814,811,670	\$958.20	2.98%
Churchill County School District	26,362,700	26,202	895,312,015	1,006.13	2.94%
Clark County School District	2,826,400,000	2,320,107	99,962,719,089	1,218.22	2.83%
Douglas County School District	32,593,000	49,082	3,538,641,085	664.05	0.92%
Elko County School District	0	55,435	2,307,887,553	0.00	0.00%
Esmeralda County School District	0	999	120,193,550	0.00	0.00%
Eureka County School District	0	1,936	1,208,149,464	0.00	0.00%
Humboldt County School District	1,591,000	17,064	1,421,877,282	93.24	0.11%

### **Use of Debt Financing for Capital Facilities**

Debt should be used to finance essential capital facilities, projects and certain equipment when it is cost-effective and fiscally prudent. This Policy recognizes that the level of indebtedness incurred by the District represents a significant obligation of taxpayers; therefore, prior to the issuance of any debt or lease financing, the Chief Financial Officer shall consider various factors including compliance with all applicable laws, debt affordability and debt capacity requirements, the availability of other funding sources such as cash and the integration of det within the overall capital planning efforts of the District.

Generally, the use of PAYGO financing of capital improvements is preferable over the issuance of debt, which carries interest costs, when sufficient cash reserves are available. However, there are times when preservation of cash is a justifiable reason for issuing debt. The use of long-term debt for new long-term facilities also provides for intergenerational equity, as future generations that use those facilities help to pay for the facility.

Prior to recommending the issuance of long-term debt to the Board of Trustees, the Chief Financial Officer with the District's financial advisor will analyze the use of PAYGO versus debt. In doing so, the Chief Financial Officer will consider the following factors:

- Level of cash reserves available to the District, both in the short-term and long-term based on projected revenues and capital improvement requirements of the District
- Rate of investment return on cash compared to long-term debt financing costs
- Debt affordability and debt capacity metrics
- Current capital market rates for long-term debt

## Method of Sale

*NRS 350.013 1.(c)(5) Policy regarding the manner in which the municipality expects to sell its debt.*

Competitive Sale - Offering documents are sent to any firm interested in purchasing the bonds. A day and time are chosen for the sale and bonds are awarded to the firm offering the lowest true interest cost on the bonds (the "TIC"). The TIC is the discount rate which results in a present value of the future debt service payments equal to amount bid for the bonds.

Negotiated Sale - One firm, or group of firms, is chosen in advance to offer the bonds for sale. At the time of sale, interest rates and other terms of the bonds are negotiated with the Underwriter.

Private Placement - A purchaser, usually an individual or bank, is identified and the bonds are placed directly. Interest rates and other terms of the bonds are negotiated with the purchaser.

NRS 350 generally requires bonds issued by the District to be sold at competitive sale. For most District general obligation bonds, a competitive sale will usually result in the lowest TIC on the bonds. There are certain circumstances under which the District would consider a negotiated sale or private placements. Such circumstances include, but are not limited to:

- 1) Bonds issued with a variable rate of interest
- 2) Bonds rated below A- or not rated
- 3) Very small or very large bond issues
- 4) Unstable or highly volatile markets
- 5) Bonds with unusual security or structure

The District will follow the requirements of NRS 350.155 in choosing a method of sale for its bonds. If the District determines that a negotiated sale is warranted for a general obligation bond or a bond secured by an excise tax, it will distribute a request for proposal to underwriting firms. The selection of an underwriter(s) will be based on a determination of the firm that demonstrates its ability to obtain the overall best interest rate for the District. Consideration in making this determination will be given to the firm's experience with similar financings, proposed compensation structure, and marketing plan.

## Refunding Bonds

The Chief Financial Officer shall pursue a policy to refinance debt to achieve true savings for the District as market opportunities arise. The guideline to be used on determining whether an "advance refunding" should be transacted is if a present value savings (net of expenses) of at least 3% can be achieved on the principal amount of debt being refunded. Even if these savings thresholds for advance refundings are met, the Chief Financial Officer may choose to defer refunding the bonds until the bonds can be refunded as a current refunding (90 days within the first call date) based on an analysis of projected interest rates and escrow yields. As of the date of this policy, tax-exempt bonds are federally prohibited from "advance refundings".

The Chief Financial Officer may justifiably consider refundings that differ from these target guidelines on a case-by-case basis but should explain the reasons for deviation to the Board of Trustees. For example, the District may consider the restructuring of a particular debt financing in order to smooth out the District's aggregate annual debt service costs. Refundings with aggregate negative present value savings will not be considered unless there is a compelling public policy objective.

## **Debt Structural Features**

The District's preference is to structure bonds that shall produce level annual debt service payments although principal payments may be deferred in certain circumstances where it will take a period of time before projected revenues are sufficient to pay debt service or the project being financed is growth-related and an ascending debt service schedule is appropriate. The Chief Financial Officer may also structure the amortization of principal to achieve other financial planning goals. The primary exception to the above goal is to structure the District's overall debt portfolio (i.e., the aggregate debt service for property-tax supported debt) so as to align it to projected tax revenues and other resources.

Examples of how this can be accomplished include the issuance of refunding bonds that have varying principal repayments structured to fill in the gaps created by refunding specific principal maturities and structuring the amortization of principal for new money bonds to wrap around existing obligations. The deferral of principal or the overall extension of debt service for a refunding issue beyond the original term is discouraged except in extraordinary circumstances.

Debt financings shall also conform to the following structuring considerations or requirements:

### **A. Maximum Rate of Interest**

State law restricts the maximum rate of interest on securities issued by the District to the Bond Buyer Index of Twenty Bonds for general obligation bonds or the Bond Buyer Index of Revenue Bonds for special obligations, whichever is applicable, plus 3% (NRS 350.2011). The Chief Financial Officer through its Bond Counsel monitors this cap and takes responsibility for compliance.

### **B. Discounted and Premium Bonds**

The District may sell its securities at par, above par or below par at a discount of not more than 9% of the principal amount but the effective interest rate must not exceed the limit provided in NRS 350.2011. While discounted bonds may slightly reduce the interest cost of the bonds below that of non-discount bonds, the amount of the discount must be analyzed to minimize the negative impact on the District's future ability to refund the bonds for interest savings.

### **C. Interest Payment Intervals**

Interest is payable at least semiannually. The Chief Financial Officer implements these requirements with appropriate provisions in the bond documents.

### **D. Bond Maturity**

General obligation bonds must have a maturity not to exceed 30 years from the date of issuance and special obligations must mature within 50 years from their date of issuance. (NRS 350.630) The maturity of a bond shall not exceed 120% of the estimated useful weighted life of the projects being financed.

**E. Term/Special Bonds**

The District will structure its bond issues as serial, term or a combination of both in order to realize the lowest interest cost possible and to respond to market demand, or lack thereof, for specific bond maturities.

**F. Capital Appreciation Bonds**

Capital Appreciation Bonds ("CABs") should only be considered primarily to achieve level debt service with other outstanding bonds. CABs may only be considered in order to achieve an overall economic benefit as compared to a traditional current interest bond structure.

**G. Call Provisions**

Generally, the District will set such provisions to provide maximum flexibility relative to the cost of the call feature and avoid conditions that restrict future refunding possibilities. Bonds issued without a call feature shall be limited and shall only be issued when investors are willing to pay a significant premium for non-callable debt or if the bond's maturity is less than ten years. The maximum call premium under state law is 9 percent of the principal amount of each bond or other security so redeemed. (NRS 350.644)

**H. Variable Rate Debt**

Due to dislocations in the tax-exempt bond market since 2007, variable rate debt is not currently authorized.

**I. Second Lien Debt**

The District will issue second lien debt only if it is financially beneficial to the District to eliminate outdated covenants or if consistent with creditworthiness or other financing objectives.

**J. Credit Enhancement**

Credit enhancement (including letters of credit and bond insurance) may be used only when net debt service on the bonds is reduced by more than the costs of the enhancement.

Bond insurance can be purchased directly by the District in a negotiated sale prior to the bond sale (direct purchase) after solicitation of quotes for bond insurance by the District's financial advisor from qualified firms or at the underwriter's option and expense (bidder's option) in a competitive sale. In either case, the present value of the estimated debt service savings from insurance should be at least equal to or greater than the insurance premium. The credit enhancement provider will be chosen based on an estimate of the greatest net present value benefit (present value of debt service savings less insurance premium) unless there are compelling reasons such as credit quality issues that may override financial considerations.

## **K. Capitalized Interest**

Capitalized interest increases the amount of debt to be issued and therefore will be avoided unless essential from a credit or cash flow standpoint, as in the case of lease-purchase obligations. Interest on general obligation bonds will normally not be capitalized. Generally, interest on lease-purchase obligations will be capitalized for a maximum of two years following a conservatively based estimate of project completion to provide a cushion for project slippage.

## **Selection of Outside Finance Professionals**

The Chief Financial Officer may employ necessary legal, financial or other professional services in connection with the authorization, sale or issuance of any District obligation. The services of a municipal advisor(s), fiscal (paying) agent, counsel and senior underwriter will be obtained through a competitive evaluation of proposals submitted in response to a regularly issued solicitation process by the Chief Financial Officer.

### **A. Municipal Advisor**

The Chief Financial Officer will select a municipal advisor (or advisors) registered by the Municipal Standards Rulemaking Board (MSRB) to assist in the issuance of all District debt. A municipal advisor(s) under contract with the Chief Financial Officer for a particular transaction shall not purchase or sell any District debt until underwriting accounts are closed or new debt is freed from underwriter pricing restrictions, whichever occurs first. In such circumstance, municipal advisors must comply with all legal and disclosure restrictions, including but not limited to MSRB Rule G-23.

### **B. Legal Counsel**

All debt issued by the District will include a written opinion by legal counsel affirming that the District is authorized to issue the proposed debt, that the District has met all the Constitutional and statutory requirements necessary for the issuance, and a formal determination has been made as to the proposed debt's federal income tax status. This approving opinion and other documents relating to the issuance of District debt will be prepared by a nationally recognized bond counsel with extensive experience in public finance and tax issues.

The various role of legal Counsel may include the following:

- Bond Counsel
- Tax Counsel
- Disclosure Counsel
- Underwriter's Counsel (negotiated sales only)

### **C. Fiscal (Paying) Agent**

The Chief Financial Officer will select a fiscal (paying) agent to provide for the regular payment of debts incurred by the District. The Chief Financial Officer will monitor the ongoing services rendered by the District's fiscal agent to ensure prompt, efficient service to bond issuers, financial institutions, and bondholders.

#### **D. Senior Underwriter**

To provide for the negotiated issuance of District debt, the Chief Financial Officer will appoint a pool of qualified senior underwriters subject to the notification of the Board of Trustees. From this pool, the Chief Financial Officer will appoint a senior or lead underwriter (also known as the "book-runner senior manager") for each transaction. The appointment of senior underwriters will be based upon the size of the sale and the need to achieve a broad distribution of District debt among potential investors. If a selling group or syndicate is appropriate to a negotiated sale of District debt, preference will be given to the selling group members with operations in the State of Nevada.

#### **E. Selling Group of Syndicate**

The Chief Financial Officer is ultimately responsible for determining whether more than one underwriter will be used to market and sell the District's debt in a negotiated sale through the formation of a selling group or syndicate. A selling group or syndicate may be warranted based on any of the following factors:

- For a particularly large transaction, more than one underwriter may be necessary to ensure the effective marketing of the transaction to investors.
- Different underwriting firms may have different strengths, capabilities or niches that would enhance the sale and marketing of the transaction. For instance, the book-running senior manager (or "senior underwriter") may have a strong presence with institutional investors but lacks a strong retail network. In such a situation, the inclusion of underwriting firms with stronger retail distribution networks in the selling group may be warranted.
- Inclusion of minority or emerging firms in the selling group.
- To encourage and evaluate different approaches to the structuring or marketing of the transaction and to maintain competition among the underwriting team.

If the Chief Financial Officer determines that a selling group or syndicate is warranted, the Chief Financial Officer will determine the members of the selling group or syndicate in consultation with the District's financial advisor and the book-running senior manager. Selling group/syndicate members will be eligible for designations up to an agreed-upon percentage allocation, as determined by the Chief Financial Officer.

#### **Derivatives**

The term "derivatives" refers to a wide array of financial products that are dependent for their value on (or "derived" from) an underlying financial instrument (e.g., stocks, bonds or foreign currencies), a commodity, or an index representing values of groups of such instruments or assets. Some of the most commonly used derivatives are swaps, options, futures, forwards and a variety of structured securities.

Derivative products are prohibited except in the case of forward delivery bonds with a closing date no more than twelve months in the future or taxable bonds with an option to convert to a set tax-exempt rate at some specified time. These two exceptions would only be considered if the District staff and financing team determined their use is in the best interest of the District.

## Disclosure Practices and Investor Outreach

The District is committed to full and complete financial disclosure, and to cooperating fully with rating agencies, institutional and individual investors, other levels of government, and the general public to share clear, comprehensive and accurate financial information. The District is committed to meeting secondary disclosure requirements on a timely and comprehensive basis.

### A. Disclosure

All forms of disclosure including official statements accompanying debt issues, Comprehensive Annual Financial Reports, and continuing disclosure statements, will meet at a minimum the standards articulated by the MSRB, the Government Accounting Standard Board (GASB), the SEC, and Generally Accepted Accounting Principles (GAAP) as applicable.

The Preliminary Official Statement is the primary disclosure document issued by a governmental entity prior to the sale of bonds, notes or other financing that is used by investors to learn about the entity and the securities that are being sold in the primary market. Preparation of the Preliminary Official Statement and Final Official Statement is the responsibility of the Chief Financial Officer in coordination with contracted Disclosure Counsel. Information for the Official Statement is gathered primarily from the District's Office of Business and Finance.

### B. Continuing Disclosure

It is the policy of the District to remain in compliance with SEC Rule 15c2-12 [17CFR Section 240.15c2-12] by filing, and posting to the MSRB through its Electronic Municipal Market Access system (EMMA), the Audited Financial Statements; annual information and operating data and notice of those material events which may occur during the year as Rule 15c2-12 requires. Presently, annual financial statements must be submitted within 270 days of the end of the fiscal year and notice of material events must be filed within 10 business days. Material events include:

- (1) Principal and interest payment delinquencies;
- (2) Non-payment related defaults, if material;
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) Substitution of credit or liquidity providers, or their failure to perform;
- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the bonds, or other material events affecting the tax status of the bonds;
- (7) Modifications to rights of bondholders, if material;
- (8) Bond calls, if material, and tender offers;
- (9) Defeasances;
- (10) Release, substitution or sale of property securing repayment of bonds, if material;
- (11) Rating changes;

- (12) Bankruptcy, insolvency, receivership or similar event of the obligated person;<sup>1</sup>
- (13) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material, and
- (14) Appointment of a successor or additional trustee or the change of a name of a trustee, if material;
- (15) Incurrence of a Financial Obligation of the obligated person, if material, or an agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and
- (16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of an obligated person, any of which reflect financial difficulties.

The Chief Financial Officer shall be responsible for ongoing disclosure to established nationally recognized municipal securities information repositories and for maintaining compliance with disclosure standards promulgated by national regulatory bodies and applicable to the State's debt.

## **Post-Issuance Administration Bond Proceeds**

### **A. Custodial Accounts for Bond Proceeds**

For each securities issuance, the Chief Financial Officer will coordinate with the District's Controller to establishment a custodial account for the placement of the bond proceeds with certain exceptions as approved by the Chief Financial Officer.

The Chief Financial Officer is designated as the administrator of the custodial accounts.

Investment/interest earnings on the bond proceeds will be credited to the custodial account.

The custodial account's purpose is to account for the proceeds of a bond issuance which consists of the original issuance proceeds, any premium received, and the investment/interest earnings on the proceeds.

---

<sup>1</sup> For the purposes of the event identified in subparagraph (b)(5)(i)(C)(12) of the Rule, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and official or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

Accounting transactions within the custodial account will comply with the Office of the Controller's Accounting Policies and Procedures. All transaction will be coded with the appropriate job number assigned to the bond by the Controller's Office and will use the general ledger transfer numbers assigned by the Controller's Office.

Proceeds will be transferred to the appropriate budget account of the bonding program for expenditure when invoices for expenditures have been received and are approved by the bonding program agency for payment.

### **B. Arbitrage Rebate Reporting**

The District shall maintain a system of record keeping and reporting to meet the Arbitrage Rebate Compliance Requirements of the Internal Revenue Code of 1986, as amended (the "Tax Code").

### **C. Investment of Proceeds**

In accordance with NRS 226.110(4) and the District's investment policy, the Chief Financial Officer may employ any necessary investment and financial advisers to render advice and other services in connection with the investment of bond proceeds.

All general obligation bond proceeds (other than refunding proceeds) shall be invested as part of the District's consolidated bond investment pool unless otherwise specified by the bond legislation or authorized by the Board of Trustees. Investments will be consistent with those authorized by existing State law and by the District's investment policies. Debt proceeds will be invested primarily to assure the safety and liquidity of such investments. The primary liquidity goal is to assure that proceeds will be available to fulfill the purposes of the issue on a timely basis.

Due to counterparty risk, recent regulatory investigations and volatility in the financial sector, prior to entering into or soliciting bids for guaranteed investment contracts (GICs) or similar arrangements or contracts, the Chief Financial Officer must determine whether a sufficient number (at least 3) of eligible contract providers (as described in NRS 350.659(5)) actively submit GIC proposals, whether a material financial benefit may be obtained through utilization of a GIC, and whether utilization of a GIC is a prudent investment of the District's bond proceeds.

The Chief Financial Officer may only enter into forward delivery agreements based on the following conditions:

- (1) The term of the agreement normally shall not exceed 5 years, but in no case shall exceed 10 years.
- (2) The agreement shall be based on a set schedule of future debt service payment dates and it must be competitively bid. A minimum of two bids must be received.
- (3) The District must engage an independent financial advisor, qualified financial consultant or investment advisor to assist in the preparation of the bid documents, to conduct a review of the bids received to ensure that the winning bid is competitive with current rates offered in the capital markets and to review the agreement.
- (4) The executed agreement must provide for the flexibility of the District to refund bonds at a future date.

**D. Expenditure of Bond Proceeds**

In compliance with the Internal Revenue Code, the District will not issue obligations except for identifiable projects with very good prospects of timely initiation. Obligations will be issued as closely in time as reflected in the cash flow model to initiate a bonded project. The minimum goal will be that within six months 5% of the proceeds will be spent, and within three years 85% of the proceeds will be spent.

**E. Training**

At least once every three years, the Office of Business and Finance will coordinate training sessions for all affected departments on the following topics: continuing disclosure, tax-exempt arbitrage and expenditure requirements, and private activity issues.

**Operational Costs of Future Capital Projects**

*NRS 350.013 1.(c)(7) A discussion of its operational costs and revenue sources, for the ensuing 5 fiscal years, associated with each project included in its plan for capital improvement submitted pursuant to paragraph (d), if those costs and revenues are expected to affect the property tax rate.*

The District has prepared a Capital Improvement Plan, which is attached as Appendix B. The operational costs for the District are paid from the General Fund which receives revenue from local and State sources. The tax rate for the support of school districts is set by statute at \$0.7500. As such, any operational costs incurred by the District are not expected to affect the tax rate.

**Capital Improvement Plan**

*NRS 350.013 1.(d) Either:*

- (1) Its plan for capital improvement for the ensuing 5 fiscal years, which must include any contemplated issuance of general obligation debt during this period and the sources of money projected to be available to pay the debt; or*
- (2) A statement indicating that no changes are contemplated in its plan for capital improvement for the ensuing 5 fiscal years.*

The District's Capital Improvement Plan (CIP) is included in Appendix B. The District currently utilizes four funding sources for capital projects - investment income, WC-1 Sales Tax revenues, Government Service Tax revenues and general obligation bond proceeds. These funds are generally used for major repairs, remodeling and additions to school facilities and new facility construction. Larger capital projects have traditionally been funded with voter approved general obligation bonds.

**Chief Financial Officer of the District**

*NRS 350.013 1.(e) A statement containing the name, title, mailing address and telephone number of the chief financial officer of the municipality.*

The chief financial officer of the District is:

Mark Mathers  
Chief Financial Officer  
Washoe County School District  
425 East 9<sup>th</sup> Street  
Reno, Nevada 89520-3425  
775-348-0312
