

Potential CAB Topics/Items

Agenda Items the CAB and the public would like to hear:

- The closing of Fire Station 30.
- Ambulance and medical services lack in the rural areas of District 2.
- Regionalization
- BLM – regarding pathways, soil, abandon vehicles, public shooting.
- Federal Lands Bill (Kate)

Additional CAB topics from the Chair:

- Presentation on EnvisionWashoe 2040 and the survey(s) that can be taken and upcoming process.
- NDOT recently made some traffic control changes along Mt. Rose Highway, and they may not have any significant data as to the effectiveness of those changes, yet but that could be another topic.
- Possibly have someone from TMPFD discuss property clearing and defensible space as we are in fire season. If the TMFPD knows of any resources for helping clear defensible space areas, that would be helpful.
