### Request for Family Testing Accommodation

The Department of Alternative Sentencing prohibits anyone from entering Sober24 who is under the age of 18 years old without prior approval. Sober24 hosts the full spectrum of individuals engaged with the criminal justice system, from low-level misdemeanants, to convicted sexual predators and murderers. It is the stance of the Department of Alternative Sentencing that the exposure of children to police action, violence, substance use, criminal activity, and potential victimization undermines the basis for any law enforcement agency, and must be prevented wherever possible. While the Department stands firm behind this policy, this stance comes with an understanding of the complexities and difficulties that accompany life's obligations.

If you believe the Department's prohibition of children in the Sober24 Regional Testing Facility poses an undue hardship, you are encouraged to complete and submit this form for review. Please be aware, any accommodations granted regarding access of children to the building are nonnegotiable, and may require a predetermined day and time for testing that ensures the safest environment possible for the children involved.

Sober24 is open daily during the week for testing from 5:00AM – 8:00PM. In the space provided, please provide a detailed explanation of why this policy cannot be accommodated in the 15 hour period of operation. Please include any supplemental documentation to support your claim:
