Randy Myles (cdrhelpme@gmail.com) has registered for "City of Reno - Animal Services Advisory Committee - 5/15/23" on: May 15, 2023 09:30 AM Pacific Time (US and Canada)

First Name: Randy
Last Name: Myles

Organization: Randal A. & Sandra S. Myles Revocable Trust
Job Title: Trustee

Questions & Comments: It is imperative that the next CEO for NHS come from outside the organization (include the Board of Directors), and have some experience in the field of people and pet management. I would also request that her or his resume be made available.

Questions & Comments: It is extremely distressing to hear of the many complaints re: animal services. It is imperative that you take action to address the management issues and more importantly, the care that the animals receive. Do what you have to do to resolve the issue!

Questions & Comments: I am requesting a replay of the meeting. I see the non-profit aspect of the Nevada Humane Society as being a bit sketchy. Seems to me that the salaries for the management are substantial, and the staff and animals suffer for it.

Questions & Comments: At the last Animal Advisory meeting I believe I heard Ms Schull notify the board it is now acceptable to house 5 dogs in a residence before requiring a kennel permit replacing the previous number of 3 dogs. Might help with adoptions.
