BACKGROUND

On March 11, 2021, the American Rescue Plan Act was signed into law, and established the Coronavirus State Fiscal Recovery Fund and Coronavirus Local Fiscal Recovery Fund. Washoe County has been awarded a grant of \$91,587,038 in State and Local Fiscal Recovery Funds (SLFRF). The SLFRF provides a substantial infusion of resources to help turn the tide on the pandemic, address its economic fallout, and lay the foundation for a strong and equitable recovery.

Deobligation

Deobligation is the process of reducing the previously allocated award amount due to the project completion coming in under budget or cancellation of all or a portion of the project. This process includes final reporting from department leads indicating the project is complete and the level of funds that remain to be returned to the ARPA-SLFRF Recovery Funds Cost Center.

In general, recipients cannot re-obligate funds or obligate additional SLFRF funds after the obligation deadline of December 31, 2024. However, if a contract entered into by December 31, 2024, expressly provides for change orders or contract contingencies, the recipient may use SLFRF funds to cover increased costs attributable to such change orders or contract contingencies. Such increased costs are not considered new obligations but are instead attributable to a preexisting obligation to accommodate the change or contingency.

Additionally, recipients may cover the cost of amendments to contracts if the amended contract is within substantially the same scope and for substantially the same purpose as the contract that was incurred by December 31, 2024. This flexibility is consistent with recipients' ability to terminate a contract for convenience and to use SLFRF funds for costs associated with change orders and contingencies that are contemplated by their contracts and subawards.

Re-Allocation

The [U.S. Treasury SLFRF FAQ 17.19](#) defines re-allocation as the process of redirecting SLFRF funds that were obligated by December 31, 2024, but not expended on the original award, to another project that is eligible under SLFRF program rules with an obligation already in place by the deadline. Funds deobligated after the obligation deadline may be re-allocated to an identified project that includes permissible upward cost adjustments or contract contingencies contemplated in the original obligation.

Washoe County approved the purchase of the Washoe Behavioral Health Center with \$4,800,000 of SLFRF funds on December 20, 2022. On March 23, 2024, the Board of County Commissioners accepted a \$14,500,000 Coronavirus State Fiscal Recovery Fund subgrant from the State of Nevada, to support rehabilitation of the facility. On December 17, 2024, The Board of County Commissioners approved an additional \$3,218,285.47 to be used to upgrade the facility to meet programmatic and licensing requirements for planned behavioral health services. A Memorandum of Understanding (MOU) was executed between the Office of the County Manager and the Community Services Department on December 17, 2024, to formalize this project.

Due to the project's scope, duration and contract contingencies, the Washoe Behavioral Health Center has been identified in prior and ongoing discussions as the designated recipient for any SLFRF funds deobligated after December 31, 2024. Any deobligated funds approved by the board to be re-allocated to this project will be added to the existing MOU by written Addendum.

FISCAL IMPACT

Should the board approve the project deobligations and increased allocations as submitted, the FY26 SLFRF COVID-19 Recovery Fund (Fund 270, Fund Center 270-8) and Capital Improvements Fund (Fund 402, Fund Center 402-101) budgets will be adjusted with the following cross-fund and/or cross-functional net-zero budget appropriation transfers and budget amendments outlined below:
