Application for Reno-Tahoe Airport Authority

Additional Information:

The Reno Tahoe Airport is a vital part of our County and Region. It is an important cog in the future economic growth and stability of the region as well. I would like to be a part of the decision making team that deals with the future opportunities and challenges that the board will have to address. I feel my skills and background would bring valuable skills to the board. I've always been known for my ability to work well with my fellow team members and feel I would bring good information and background to the decision making process.

Curriculum Vitae
of
Dr. Bob Larkin
In support of the
Washoe County Community Service Application
for the
Reappointment to the Reno-Tahoe Airport Authority Board of Trustees

Bob Larkin has been actively employed in both the government and private sectors for over 4 decades. He has over 30 years' experience with national, state, and local governments, most recently serving as the Board of County Commissioner's appointee to the Reno-Tahoe Airport Authority Board as a Trustee. He also serviced two elected terms on the Board of County Commissioners for Washoe County and as Chairman and Vice Chairman. Bob has two decades plus experience in the private sector as well. He was owner of RS Industries, a wholesale distributor of consumer products and is currently the Northern Nevada Campus Director with the for-profit higher education institution, the University of Phoenix. Dr. Larkin has degrees from the University of Nevada-Reno, Michigan State University, and was awarded his Doctorate in Business Administration from School of Advanced Studies, University of Phoenix. Bob's community service has included the Reno-Tahoe Airport Authority, Reno-Sparks Convention and Visitors Authority, Vice-Chair of the Regional Transportation Commission, Washoe County Fire Advisory Board, Chairman of the Truckee Meadows Regional Planning Agency, Truckee Meadows Water Authority, Western Regional Water Commission, Chairman of the Sparks Citizen Advisory Committee, Chamber of Commerce – Legislative Committee, Trustee of the Northern Nevada Medical Center, Trustee of the Great Reno Balloon Races, Trustee of the Court Appointed Special Advocate, Chairman of the Airport Noise Advisory Panel for the Reno-Tahoe Airport, Lay Member of the State Bar of Nevada Disciplinary Board, Organizational Effectiveness Committee of Washoe County, Sparks Centennial Commission, American Economic Association, Eastern Economic Association, Angel Flight West, Aircraft Owners and Pilots Association, National Association of Flight Instructors, Experimental

Aircraft Association, and as the local Airport Support Network Volunteer for AOPA to the Reno-Tahoe Airport.

Bob is uniquely qualified for reappointment to the Reno-Tahoe Airport Authority as a Trustee. He is currently serves on the following committees for the Airport Authority: Vice-Chair for the Planning and Construction Committee and User's Committee. He also is alternate for the Finance Committee as well. Bob has been a General Aviation Pilot since 1978 with private, commercial, and instrument ratings. He is also a Certificated Flight Instructor including additional endorsements for ground instrument instructor. He has been aviating in Northern Nevada since the early 80s and has seen the dramatic changes to both commercial as well as general aviation. As an advocate for general aviation, Bob has participated with local pilots to have their voices heard at the Airport Authority on numerous occasions. He is very familiar with the economics of running a medium sized airport such as the Reno-Tahoe International Airport. While an advocate for GA, he is well schooled and experienced with the importance that commercial aviation plays with the local tourist and business climate in Northern Nevada.

Additional Information:

I am applying for appointment to the Airport Authority Board because I have the ability, experience, and willingness to work with the other board members and airport staff toward achievement of the long-term goals identified in the Strategic Plan. I will bring analytical thinking and practice reasoned decision-making at the table in acting on policy, budget, program, and project proposals. For many years I have had a commitment to public service through local government; that commitment is reflected in my professional background and volunteer history. The volunteer history includes service on a variety of Washoe County advisory and policy boards. My time available for community service has increased, as a consequence of my recent retirement from active employment. Please advise me if any additional information is requested and/or you wish to schedule an interview for discussion of my interest in this position. Sincerely, Keith Lockard, P.E.

Additional Information:

Aviation has been my passion since early in high school. I earned my pilots license in 1961 after high school graduation and I have remained an active pilot since then. As can be seen by my resume information, my entire professional career was in the aviation field and I have continued that interest with the air races since moving to Reno in 1998. As a RARA Director and past Chairman I have worked with the RTAA Board on many occasions. I understand their Mission, I know many of their personnel and I am confident that I can contribute to their success.

Additional Information:

My extensive knowledge of governmental agencies, their budget and administration constraints, and how to work within restrictive guidelines. I would like to see our community move forward and the airport is an agency that can facilitate our positioning for new businesses. Extremely interested in cutting-edge technology and how it can best serve our future needs. Love logistics and large, complex projects, working from conception to completion. Am a detailed do-er and will roll my sleeves up if necessary to complete any project. As a purchasing agent for the federal government, am also highly cognizant of receiving the best value for the money, while adeptly running the bureaucratic gauntlet. I am retiring from the government with 35 years of civil service and would like to put my experience to good use volunteering.

RE: Appointment to the Reno-Tahoe Airport Authority

Washoe County Commissioners,

When I moved to Reno 32 years ago, my first job was working for the Lear Fan Corporation at the Stead airport. Back then, US 395 was a two lane highway. All of us that lived in the Stead area dreaded the Air Race traffic because it would take hours to get to town during that week in September. In the late 1980's, I worked for America West Airlines in their Reno reservations center – you may remember back in the days before smart phones when you actually had to make a telephone call to book a reservation. A lot has changed since then, but one thing has not changed – my love for this area and the wonderful things we have to offer.

Today, the Reno-Tahoe International Airport (RTIA) is the 66th busiest commercial airport in the nation, generating a total annual economic impact of \$2 billion, and serves approximately 4 million passengers a year. The Reno-Tahoe Airport Authority (RTAA) is the owner and operator of both the RTIA and the Reno-Stead Airport the home of the Reno National Championship Air Races.

I am passionate about this community! I offer a perspective unique to the Airport Authority as I am a member of the traveling public. My community involvement for the past 32 years, my unique ties to both Reno-Stead and Reno-Tahoe International airports, my love of travel, and my experience as a County Commissioner set me apart from the other candidates.

I was honored to serve on the board of the National Association of Counties (NACO) and had opportunities to visit many airports attending meetings and conferences across the nation. In 2010, the annual NACO conference was held in Washoe County. The NACO board had made their decision four years prior and it turned out to be one of the worst economic years we had seen in our community. We had to think outside the box and figure out ways to support the conference and bring the almost 3,000 guests that would attend. Working with the RTAA Executive staff, RSCVA, RTC and our Washoe County staff, we were able to fundraise to put the event on, as no tax dollars were to be used. We heard from folks across the nation that we have a hidden jewel here for vacation travel. The conference brought a \$3.2 economic impact to our community.

Both airports are important to our community by providing jobs, helping businesses do business, as well as the economic impact to Washoe County and Northern Nevada. I believe that fundraising to bring more airline carriers is a necessity. If we could do it in 2010, we can do it now!

In the 1990's, I served on the Stead & North Valleys Neighborhood Advisory Board for nine years in which we would hear reports about our Reno-Stead airport as well as the annual National Championship Air Races. There were many issues of concern to the residents in the Stead community with the Reno-Stead Airport. Whether the issues were about an organization that wanted to build a "Race Track," the airplane noise, or the traffic due to the Air Races the Advisory Board was the sounding board and information center for the community.

Serving 10 years on the Reno Sparks Convention and Visitors Authority which works closely with the Airport Authority has also given me a well-rounded background with our travelers, visitors and their needs.

I have traveled to and through more than forty airports across the nation. I have seen the good, the bad, and the ugly. Reno-Tahoe International is a treasure! Reno-Stead Airport has come so far and it has even more potential.

You have the opportunity to appoint someone with a passion for this area and the experience to offer a unique perspective to the Airport Authority. I would be honored to serve the Commission and would appreciate your support.

I appreciate your consideration.

Sincerely,

Bonnie Weber

Dear Sir or Madam,

Are you in the market for a reliable, motivated, hard-working, dedicated employee with an aggressive work ethic who is looking for an opportunity to enhance your company's image and future goals? Attached you will find a resume highlighting my past successful achievements. I served twenty-one years as a Public Safety Officer for the city of Sunnyvale, California. I am interested in pursuing a career in the private sector with a focus in enhancing your company's future success and growth.

I have a strong interest in sharing my expertise and knowledge in the field of Law Enforcement and Fire Safety and Protection. My colleagues and members of numerous organizations and communities have complimented me on my strong leadership and organizational skills. Along with my strong organizational skills, I have excelled as an investigator with excellent interview and interrogation skills. I have served on several police and fire committees as well as coordinated numerous training programs and special investigations. I have also received numerous commendations from private citizens, other police agencies as well as from my peers.

I have a very outgoing, caring and positive personality. I pride myself on my ability to socially interact with various personalities and age groups on a professional level. I am the candidate you are looking for to enhance your company's future success. I have unbelievable work ethic, professional image, and the drive to accomplish any task or challenge presented to me. I believe that if one is to be successful in life, they must be able to take the "risk" and seek out new goals and opportunities. Along with my passion for helping others, I enjoy restoring classic corvettes, skiing and seeking out new avenues of adventure. Therefore, I would appreciate it if you would review my attached resume in consideration of interviewing me as a potential asset to your company.

Sincerely,

William Weber
