(Bill No. 1742) (All Commission Districts).

### SUMMARY

The Washoe County Commission introduced and held a first reading of an ordinance amending Washoe County Code Chapter 55 and Chapter 25, by creating provisions regulating commercial breeders (through a commercial breeding permit) within Washoe County.

Washoe County Code Chapter 55 was rewritten to create a unified animal control ordinance which was adopted on June 14, 2005 in accordance with the Interlocal Agreement entered into by the Cities of Reno and Sparks and the County of Washoe to effectuate the consolidation of animal services in the County. In accordance with that Interlocal Agreement and the consolidated ordinances, animal services have been provided on a regional basis now in excess of nine years. It is based on this experience, revision to State Statutes and public input during this time that these amendments to Chapter 55 are being proposed.

In the Legislative session of 2009, amendments were made in NRS 574 cruelty to animals, which require Animal Control Officers to inspect and permit commercial breeding operations within the County. This Amendment requires Washoe County to add a code section to Chapter 55 and Chapter 25.

- NRS 244.189 provides that the board of county commissioners may exercise such powers and may enact such ordinances not in conflict with Nevada statutes for, inter alia, the control and protection of animals.

AGENDA ITEM # 28

- NRS 244.359 provides that the board of county commissioners may enact and enforce ordinances fixing, imposing and collecting an annual license fee on dogs and providing for the capture and disposal of all dogs on which the license fee is not paid; regulating or prohibiting the running at large and disposal of all kinds of animals; establishing a pound, appointing a pound keeper and prescribing his duties; prohibiting cruelty to animals; and designating an animal as inherently dangerous and requiring the owner of such an animal to obtain a policy of liability insurance for the animal in an amount determined by the board of county commissioners. Any such ordinances may apply throughout the entire county or govern only a limited area within the county.
- The Washoe County Board of Commissioners and the City Councils of the City of Reno and City of Sparks consolidated animal control functions in Washoe County to be on a regional basis. The consolidation of animal control services was accomplished by the adoption of ordinances of the three jurisdictions approving an interlocal agreement among the cities of Reno and Sparks and Washoe County which regionalized all field services, including, but not limited to, licensing, enforcement, rabies control, kennel permitting and related administrative functions relating thereto under the jurisdiction and control of Washoe County. The final step in the consolidation process occurred on June 14, 2005 when the Washoe County Board of Commissioners adopted the ordinance which amended Washoe County Code Chapter 55 in compliance with the interlocal agreement for the consolidation of animal services. Since that date, animal services within Washoe County has been operated and provided on a regional basis. We now have over nine years of regional operational experience.
- It is the intention of this Ordinance to repeal, enact and revise sections to Washoe County Code Chapter 55 based upon that experience and public input.
- The proposed effective date of this ordinance is December 9, 2015, which affords Animal Services the opportunity to work with the Business Licensing Departments of Washoe County, Reno and Sparks to create and implement procedures associated with this code section.

**County priority/goals:** Safe, secure and healthy communities; Public participation and open, transparent communication.

### **PREVIOUS ACTION**

On April 22, 2014 the Washoe County Commission decided to establish Washoe County Regional Animal services as a stand-alone department.

On June 17, 2014 the Washoe County Commission authorized initiation of proceedings to amend Washoe County Code (Chapters 5 and 55) related to the creation of the Department of Regional Animal Services.

On July 22, 2014 the Washoe County Commission received an update on the public input process regarding Washoe County Code and commercial breeding.

On June 9, 2015 the Washoe County Commission introduced and held a first reading of an ordinance amending Washoe County Code Chapter 55, by creating provisions regulating commercial breeders (through a commercial breeding permit) within Washoe County. It was

decided that the criteria of a commercial breeder will remain unchanged; the current number of litters a person can have in a calendar year is five or more cats or dogs.

## **BACKGROUND**

On April 22, 2014, the Washoe County Commission approved establishing Washoe County Regional Animal Services as a stand-alone department. On June 17, 2014, the Board directed the Clerk to submit a request to the District Attorney to initiate proceedings to amend Washoe County Code (Chapters 5 and 55).

The County Managers Office and Washoe County Regional Animal Services (WCRAS) initially met with OnStrategy to plan the public input process for the proposed code amendments. A first step in the public input process was to share proposed revisions with key stakeholder groups including the Cities of Reno and Sparks and major animal groups in our community to include but not limited to the SPCA of Northern Nevada, Nevada Humane Society (NHS), and Pet Network. Through individual meetings with staff, input was received from these groups regarding the proposed code amendments.

An informational kick-off meeting was held for the public on July 15, 2014 in the Washoe County Commission Chambers to outline the procedures for animal ordinance changes and provide information to the community. The process for how an ordinance is amended was also reviewed, including the process that would be used for public input. This meeting was made available online through video-on-demand (Washoe TV).

An online comment process "Open Washoe" was utilized from July 7, 2014 through August 18, 2014 to establish priorities for ordinance workshops to include codes which were most important to the public. Topics identified included dangerous dogs, exotic animals, nuisance, commercial breeding, retail sales, and trap-neuter-release cat programs. General input for the topics through "Open Washoe" was closed on October 3, 2014; however, commercial breeding remained open until October 10, 2014 for comment on the current code draft.

This process was implemented to raise awareness of the community issues and to insure the collection of the widest range of input. The unique feature of this community engagement tool is to allow visitors to the site the ability to read all of the comments posted by their fellow citizens, as well as the ability to agree or disagree. These were posted for additional input to include scheduled workshops by topics, which were held on August 25, 2014 (exotic animals/dangerous dogs), August 27, 2014 (commercial breeding/retail sales), September 29, 2014 (nuisance), and October 1, 2014 (trap-neuter-release cat programs and other topics).

During the public input process there were numerous media releases and targeted email notifications encouraging the public to give input on the amendments as well as several news stories, print articles and radio shows discussing the changes and encouraging public input, which resulted in additional input being received via phone calls and emails. All information was posted to the County's website. At key points during the public input process, new questions regarding the Code revisions were posted and the proposed Code amendments were edited based upon public input and these changes were then posted on "Open Washoe" for citizens to review.

Additionally, links to “Open Washoe” were added to the Animal Services web page and an email account [animalcode@washoecounty.us](mailto:animalcode@washoecounty.us) was created for the public to communicate their comments and concerns specific to proposed Code changes.

As outlined previously, a workshop regarding the proposed ordinance changes was held at the Wilbur D May Museum on August 27, 2014 to discuss Commercial Breeding, promoting an opportunity for the public to ask questions and give input on the proposed amendments.

Approximately forty people spoke on Commercial Breeding. During this workshop, staff had an opportunity to meet one-on-one with many citizens and address concerns as well as receive valuable input. Forty citizens attended the public workshop on Commercial Breeding with six visits through “Open Washoe” and seven comment cards were completed. A summary of the public input received online and through the workshops is attached along with the specific, detailed correspondence provided from all public input.

Additionally, during the public meetings it was proposed to make changes to Washoe County Code Chapter 25.013 Definitions and 25.015 License required for engaging in a business. The public request was to change the criteria of a commercial breeder by reducing the current number of litters a person could have in a calendar year from 5 or more to 3 or more cats or dogs.

The proposed Code changes are recommended based on mandates from the Legislative Session of 2009 that included amendments to NRS 574 Cruelty to Animals, which require animal control officers to inspect and permit commercial breeding operations within the County. The area of Commercial Breeding is separate from current discussions on draft Code amendments on Commercial Animal Permit (retail sales).

On June 9, 2015 the Washoe County Commission introduced and held a first reading of an ordinance amending Washoe County Code Chapter 55, by creating provisions regulating commercial breeders (through a commercial breeding permit) within Washoe County. It was decided that the criteria of a commercial breeder will remain unchanged; the current number of litters a person can have in a calendar year is five or more cats or dogs.

### **FISCAL IMPACT**

An increase in service levels may occur, which could require additional staff time. Any request for additional staffing following implementation will be brought forward for future Board approval.

### **RECOMMENDATION**

It is recommended that the Board of County Commissioners hold a second reading and adopt an ordinance amending Washoe County Code Chapter 55 by creating provisions regulating commercial breeders (through a commercial breeding permit) and adding related definitions; and also amending Washoe County Code Chapter 25 by adding the definitions of “breeder” and “commercial breeder”, making changes to the definitions of “breeding” and “litter”, and specifying that commercial breeders must first obtain a commercial breeding permit from

regional animal services before receiving the required business license, and all other matters properly relating thereto; and, to be effective December 9, 2015.

**POSSIBLE MOTION**

Should the Board approve, a possible motion would be:

Move to adopt an ordinance amending Washoe County Code Chapter 55 by creating provisions regulating commercial breeders (through a commercial breeding permit) and adding related definitions; and also amending Washoe County Code Chapter 25 by adding the definitions of “breeder” and “commercial breeder”, making changes to the definitions of “breeding” and “litter”, and specifying that commercial breeders must first obtain a commercial breeding permit from regional animal services before receiving the required business license, and all other matters properly relating thereto; and, to be effective December 9, 2015.
