

# Washoe County COVID-19 community update

November 9, 2021

---

# What we will cover today:

- **Update on current numbers**
- **Update on our vaccination status**
- **Understanding the current State of Nevada Directives**
- **Tips for the community to lessen the risk of COVID**

# Current COVID by the numbers

11-7-2021

Active Cases

**7,378**

Deaths

**919**

9-13-2021

Active Cases

**8,978**

Deaths

**782**

Criteria we are watching as outlined in the Local Authority Plan

- **Governor’s County Tracker metrics** **11-7-2021** **9-12-21**
  - Average number of tests per day per 100K (14-day average) **267** **354**
  - Case rate per 100K (last 30 days) **594** **1581**
  - Test positivity (14-day with a 7-day lag) **9.3%** **20.1%**
- **COVID Risk Meter.**
  - Currently **Very High**
- **Vaccination Rate. (8-16-21)**
  - 12+ population **65.49% fully** **62.31% fully**
- **Sewer study data**
  - **Decreasing concentrations**

**STAY HEALTHY, STAY INFORMED, STAY SAFE**

Information from:

<https://covid19washoe.com/> and University of Nevada – Dr. Lin Li

Criteria we are watching as outlined in the Local Authority Plan

• **Hospital Association metrics (September 8, 2021).**

- PPE No Concern
- Supplies No Concern
- Vents No Concern
- Staffing **Alert**
- % of patients in the hospital with COVID **Warning**
- % of patients in the ICU with COVID **Watch**
- Hospital occupancy rates (all-hazards) **Watch**
- ICU occupancy rates (all-hazards) **Watch**

**No Concern**, hospitals are functioning in a conventional manner. **Watch**, we are studying the various metrics and mitigation controls to manage hospital operations. **Warning**, hospitals are employing mitigation methods and using various contingencies to manage upward trends. **Alert**, immediate additional mitigation methods are required to keep the hospital system operational. **Crisis**, hospitals are experiencing conditions that limit the ability to provide adequate patient care.

# Current COVID by the numbers

Nevada Hospital Association		Week 37							
		PPE	Supplies	Vents	Staffing	% of Patients in the hospital with COVID	% of Patients in the ICUs with COVID	Hosp. Occupancy Rates (All-Hazard)	ICU Occupancy Rates (All-Hazard)

<https://covid19washoe.com/>

# Current Vaccination status in our community.

- **Get vaccinated** - <https://www.immunizenevada.org/nv-covid-fighter>

## Available options in our area for a COVID-19 vaccine

- Washoe County Health District
- Community Health Alliance
- City of Sparks
- City of Reno
- VA Hospital
- Reno-Sparks Tribal Health
- CVS Pharmacy
- Smith's
- Walgreens
- Safeway
- Walmart
- Sam's Club

11-7-2021

### KEY METRICS

**582,785** Total Doses Reported as Administered

**120,873** Doses Reported as Administered per 100K

**296,976** Total Vaccinations Reported as Initiated\* (includes completed vaccinations)

**61,595** Vaccinations Reported as Initiated per 100K

**61.59 %** % of Population that Initiated Vaccination

**72.20 %** % of Population 12 Years and Older that Initiated Vaccination

**269,401** Total Vaccinations Reported as Completed

**55,875** Vaccinations Reported as Completed per 100K

**55.88 %** % of Population Vaccinated

**65.49 %** % of Population 12 Years and Older Vaccinated

9-12-2021

### KEY METRICS

**516,216** Total Doses Reported as Administered

**107,694** Doses Reported as Administered per 100K

**281,127** Total Vaccinations Reported as Initiated\* (includes completed vaccinations)

**58,649** Vaccinations Reported as Initiated per 100K

**58.65 %** % of Population that Initiated Vaccination

**68.80 %** % of Population 12 Years and Older that Initiated Vaccination

**254,603** Total Vaccinations Reported as Completed

**53,116** Vaccinations Reported as Completed per 100K

**53.12 %** % of Population Vaccinated

**62.31 %** % of Population 12 Years and Older Vaccinated

# Masking rules in Washoe County

- To reduce their risk of becoming infected with the Delta variant and potentially spreading it to others, CDC recommends that fully vaccinated people:
  - Wear a mask in public indoor settings and in crowded outdoor settings if they are in an area of [substantial or high transmission](#).
- **Dir. 045/047 Wear masks indoors regardless of vaccination status.**
  - There is some benefit from the mask for self-protection, but it is most effective at reducing transmission to others.

## How often will county status be reviewed and updated?

County transmission data is reviewed weekly every Tuesday, by the Nevada Department of Health and Human Services (DHHS) based on the data available on CDC county tracker.

DHHS will provide updates weekly every Tuesday to counties and the public informing them of their status.

- For a county to change masking requirement status, it must remain in a transmission classification **for two consecutive weeks** before the mask requirement will be either increased or relaxed. If a county's status changes, it will have until that Friday of the same week to implement that change.

# Tips for our community that wants to do their part

- **Get vaccinated.**
  - Inform yourself.
- **Wear masks indoors and where required.**
  - Do not harass employees at businesses, they are just doing their job.
- **Use the Covid Risk Meter**
  - Like you use the Air Quality Index to determine outdoor activity.
- **Stay home when ill.**
  - Do not send sick children to daycare or school.
  - While awaiting test results do not go out.
- **Hygiene is still important.**
  - Wash hands frequently.
- **Keep a safe distance from others in crowded areas.**
  - Distance is still a good idea.

# How to use the COVID Risk Meter

<https://covidriskmeter.org>

**STAY HEALTHY, STAY INFORMED, STAY SAFE**

## VERY HIGH

### What The Weekly Rating Means

#### Risk is High and Approaching Critical

- Case numbers are high and hospital beds are filling up.
- Only leave your home for essential functions: to work at your job, see a doctor, to obtain medicine from the pharmacy or food from the grocery store.
- Consistently wear masks anywhere that is not your home.
- Stay away from at risk people and don't invite anyone to your home who doesn't live with you.
- Socially isolate as much as possible.
