**October 9, 2015**

**Jeremy Drew, Chairman  
Nevada Board of Wildlife Commissioners  
1100 Valley Road  
Reno, Nevada 89512**

**Regarding: Second submission of our petition**

**Dear Chairman Drew**

**As you recall, Fred Voltz and I submitted a petition regarding wildlife killing contests to the commission which was heard on March 20, 2015. Our petition was not accepted and was thought to be incomplete.**

**At the conclusion of the March meeting, some members of the commission seemed agreeable to receiving a revised petition. Subsequent discussions between your representative and ours has given us the understanding that opportunity is now before us.**

**Accordingly, we are now submitting a revised petition which we believe to be fully responsive to the 10 questions asked on the department's petition form. We are also submitting two additional documents in support of our petition.**

**While Mr. Voltz and I were the original petitioners, there are now two more individuals who have signed the petition. The names and addresses of all petitioners are as follows:**

**Donald A. Molde  
3290 Penfield Circle  
Reno, Nevada 89502**

**Fred Voltz  
1805 N. Carson Street  
Carson City, Nevada 89701**

**Leah Sturgis  
1481 Foothill Road  
Gardnerville, Nevada 89760**

**Constance Howard  
11370 Maverick Drive  
Reno, Nevada 89511**

**We anticipate the commission may place this item on its November agenda. Please let us know, at least a week in advance, of any deficiencies that we can address at the time of the hearing.**

**Sincerely**

**Donald A. Molde
