MEMORANDUM

January 7, 2019

**To:** Nevada Board of Wildlife Commissioners, County Advisory Boards to Manage Wildlife, and Interested Publics

**From:** Brian Wakeling, Administrator, Game Division 

**Title:** **Commission Regulation 19-03, 2019 Black Bear Seasons – For Possible Action**

**Description:** The Commission will consider adopting 2019 hunting season dates, open management units, hunting hours, special regulations, animal sex, legal weapon requirements, hunt boundary restrictions, and dates and times for indoctrination courses for black bear.

**Presenter:** Wildlife Staff Specialist Pat Jackson

Summary:

The Department prepared the 2019 hunting season dates, open management units, hunting hours, special regulations, animal sex, legal weapon requirements, hunt boundary restrictions, and dates and times for indoctrination courses for black bear to mirror those approved in 2018. The proposed season extends from September 15 through December 1 based on prior seasons approved by the Commission.

As adopted last year, the hunt area is subdivided into three separate unit groups to manage harvest with seasons running simultaneously, each with a separate harvest limit. There will be a single hunt application number for residents and another for nonresidents, and tags will be valid for all hunt areas. Portions of the hunting areas may be closed as individual harvest limits are met, but all tags will remain valid in the remaining open areas until all harvest limits are met or the season closing date is reached.

In 2018, 14 bears (11 male, 3 female) were harvested during the hunt. No harvest limits were reached this year. All harvest parameters continue to indicate that the bear harvest in Nevada by lawful hunting remains light.

Recommendation:

The Department recommends that the Commission **VOTE TO ADOPT COMMISSION REGULATION 19-03, 2019 BLACK BEAR SEASONS AS PRESENTED.**
