NOTES:
 The scale and configuration of all information shown herein are approximate only and are not intended as a guide to design or survey work. Reproduction is not permitted without prior written permission from the Washoe County Community Services Department.
 Contours drawn using primary March 2014 water level and PCE data. Contours may change as information from new or different wells is generated. Note that contours associated with pumping or recharging wells are schematic and may not accurately reflect actual piezometric surfaces.
