IMPORTANT

NOTICE REGARDING ABANDONMENTS:

To the extent that Washoe County does not own the easements in question, it cannot abandon them. Therefore, an abandonment request is in effect a "quitclaim" by the County of whatever interest it might have in the easements in favor of the owners who applied for the abandonment. For example, if the abandonment is approved by Washoe County and recorded, it will likely affect the allowable building envelope on the property, to the benefit of the applicant. However, even if the abandonment is approved, it should not be construed as an assertion by the County of ownership over the easements in question. To the extent other property owners nearby or other entities might have any ownership interests in these easements, an approved abandonment by the County does not affect those interests and the property owners associated with this abandonment are responsible for utilizing whatever legal mechanisms are necessary to address those interests on their own.

Abandonment (AB) – Article 806 (See Note 1)

Note 1: Identified as vacations or abandonments of easements or streets in WCC Chapter 110.

Note 2: Street or easement must be owned by Washoe County, or is a government patent easement. Property owner must own property abutting the easement or public street right-of-way.

This flowchart is an overview of this development application process and is not intended to be a comprehensive guide. Please refer to the Development Code Article shown above for more complete information about the application, to include specifics on notice, internal and external agency review.
