Master Plan Amendment

Washoe County Code (WCC) Chapter 110, Article 820, Amendment of the Master Plan, provides the method for amending the Master Plan, including requests to change a master plan designation affecting a parcel of land or a portion of a parcel. A Master Plan Amendment may be initiated by the Board of County Commissioners, by the Director of Planning and Building, or an owner of real property or the property owner's authorized agent may initiate an amendment by submitting an application. See WCC 110.820, for further information.

Development Application Submittal Requirements

Applications are accepted on the 8th of January, May, and September. If the 8th falls on a non-business day, applications will be accepted on the next business day.

If you are submitting your application online, you may do so at [OneNV.us](https://www.onenv.us)

1. **Fees:** See Master Fee Schedule. **Most payments can be made directly through the OneNV.us portal.** If you would like to pay by check, please make the check payable to Washoe County and bring your application and payment to the Community Services Department (CSD).
2. **Development Application:** A completed Washoe County Development Application form.
3. **Owner Affidavit:** The Owner Affidavit must be signed and notarized by all owners of the property subject to the application request.
4. **Proof of Property Tax Payment:** The applicant must provide a written statement from the Washoe County Treasurer's Office indicating all property taxes for the current quarter of the fiscal year on the land have been paid.
5. **Neighborhood Meeting:** This project may require a Neighborhood Meeting to be held prior to application submittal. Please contact Washoe County Planning at Planning@washoecounty.gov or by phone at 775-328-6100 to discuss requirements.
6. **Application Materials:** The completed Master Plan Amendment Application materials.
7. **Traffic Impact Report:** Traffic impact reports are required whenever the proposed amendment will create the potential to generate 80 or more weekday peak hour trips as determined using the latest edition of the Institute of Transportation Engineers (ITE) trip generation rates or other such sources, as may be acceptable by Washoe County Engineering. Projects with less than 200 peak hour trips may not need to perform an impact analysis for future years. Traffic consultants are encouraged to contact Engineering staff prior to preparing a traffic impact report.
8. **Application Map Specifications:** If this request involves a change to a map within the Master Plan, provide a map to be drawn using standard engineering scales (e.g. scale 1" = 100', 1" = 200', or 1" = 500') clearly depicting the area subject to the request, in relationship to the exterior property lines. All dimensions and area values shall be clearly labeled and appropriate symbols and/or line types shall be included in the map legend to depict the map intent.
9. **Compliance with Planning Area Special Requirements:** Several planning areas (e.g. North Valleys, South Valleys, etc.) have additional submittal requirements, especially related to proof of sufficient water rights to serve the proposed master plan amendment. Please consult the Master Plan and the Washoe County Development Code, Division Two, for the planning area(s) to be impacted prior to submitting a Master Plan Amendment Application.
10. **Digital File:** If this request involves a change to a map within the Master Plan, the applicant must provide an electronic file representing the scale, location, and size (in acres) of the proposed Master Plan changes. The file shall match any exhibits and/or acreage information contained within the original paper application. Preferred file format will be compatible with ESRI Geographic Information System (GIS) software technology (AutoCAD files are acceptable but should only include the polygon

layer information necessary to determine the location and size of the proposed land use change request). The data provided will be used by staff to create a “side-by-side” comparison map of existing and proposed land use and will also be the basis for official changes to the Washoe County land use database should the request be approved. The data may also be used for three dimensional (3D) modeling of the request during the permit review and public hearing process.

11. **Submission Packets:** One (1) packet and a flash drive. Any digital documents need to have a resolution of 300 dpi. If materials are unreadable, you will be asked to provide a higher quality copy. The packet shall include one (1) 8.5” x 11” reduction of any applicable site plan, development plan, and/or application map. Labeling on these reproductions should be no smaller than 8 point on the 8.5” x 11” display. Large format sheets should be included in a slide pocket(s). Any specialized reports identified above shall be included as attachments or appendices and be annotated as such.

Notes:

- (i) Application and map submittals must comply with all specific criteria as established in the Washoe County Development Code and/or the Nevada Revised Statutes.
- (ii) Appropriate map engineering and building architectural scales are subject to the approval of the Planning and Building and/or Engineering and Capital Projects.
- (iii) All oversized maps and plans must be folded to a 9” x 12” size.
- (iv) Based on the specific nature of the development request, Washoe County reserves the right to specify additional submittal packets, additional information and/or specialized studies that clarify the potential impacts and potential conditions of development in order to minimize or mitigate impacts resulting from the project. No application shall be processed until the information necessary to review and evaluate the proposed project is deemed complete by the Director of Planning and Building.
- (v) **Labels:** If the assigned planner determines the abandonment will affect the access to a mobile home park, the applicant will be required to submit a list of mailing addresses for every tenant residing in the mobile home park.
- (vi) **Master Plan Amendments that propose a change to the Vision or Character Statement or any of their associated goals and/or policies of an Area Plan may require a series of community visioning workshops with the applicable Citizen Advisory Board(s). Please see the Plan Maintenance section of the subject Area Plan for more information.**
