Medical Response, Facilities, and Personnel

North Lake Tahoe Fire Protection District (NLTFPD) is the festival's emergency medical service provider, a station located adjacent to the festival grounds. There will be one first aid tent with designated parking for NLTFPD vehicles. The Security Dispatch center will house all non-emergent medical supplies as well as AED. There will be a minimum of one Security personnel trained/certified in CPR/AED stationed at the Security Dispatch center, with a minimum of three other trained/certified patrolling the grounds.

Security, safety, and administrative staff members will be located throughout all Festival areas and are the first to identify medical situations. Staff members identify a situation and will radio for response. Medical situations will be called in to Security Dispatch using the Emergency channel with the closest security team being deployed to confirm their authenticity and NLTFPD called in if the scene requires. Response may entail the security team bringing the patient to Security Dispatch, meeting NLTFPD at an intercept point, or in severe medical situations, NLTFPD may be dispatched directly to the patient. Five Security teams will patrol the event areas on foot. When Security dispatch receives a radio call from staff, they will deploy resources appropriate to the call: Security, Medical, Police, Fire, operations, or a combination of the above.

Fire Safety and Control. See Attachment A.

The festival is split into vending and a general assembly (GA) "Venue" area. The GA Venue is the center region of the site that contains the main concert area with vending located on the north and west ends of the grounds. Security, safety and administrative staff members patrolling the event areas will conduct fire watch throughout their patrols. Fire situations will be called in to Security Dispatch using the Emergency channel with the closest security team being deployed (with fire extinguisher) to confirm their authenticity and NLTFPD called in if the scene requires. All vendors, Security Dispatch center and stage areas are equipped with fire extinguishers.

Portable Fire Extinguishers:

1. Portable fire extinguishers provided by the event shall be of the multipurpose dry chemical type or equivalent.
2. Fire extinguishers shall have a minimum safety rating of 2-A:20-B:C
3. Fire extinguishers shall be maintained in a fully charged and operable condition and shall be kept in their designated places at all times when they are not being used.
4. Fire extinguishers shall be conspicuously located where they are readily accessible and immediately available in the event of fire.
5. Fire extinguishers shall be located along normal paths of travel, including exits from areas.

GAMBLERS RUN MUSIC FESTIVAL **July 23rd – 25th 2026**

6. Fire extinguishers shall not be obstructed or obscured from view.
7. Fire extinguishers' operating instructions shall be located on the front of the extinguisher and shall be clearly visible.

Location Identifiers

Signs, approximately 4' high, will be hung identifying Emergency Exits, Security/Medical booth, vendor locations and restrooms. Each of these locations will be marked on the Event Map posted at entry and throughout the grounds.

Incident Management, Emergency Situations, Evacuation

In the event of a natural disaster or manmade occurrence that mandates the mobilization of attendees & staff, or the evacuation of the site, several steps will be taken to ensure the safety of all persons in attendance. Festival staff and emergency personnel will defer authority to WCSO and/or NLTFPD if warranted and depending on the situation.

In the event that an Emergency Evacuation or Emergency Safe Haven Plan needs to be implemented, the following actions will be taken to facilitate the rapid, safe and orderly mobilization of people, vehicles, and equipment.

Determination and Notification of Implementation: DPD/VSD and/or DFD/VFD shall determine that evacuation is necessary and notify the Event's Emergency Manager. The City's Incident Commander initiates emergency action and takes over Central Command:

1. Emergency channel #3 becomes the central command communications channel.
2. The Security Manager, takes over the Emergency Dispatch channel.
3. The Security Manager notifies Admin, Production Manager and Operations Manager. If there is time, these departments are requested to come to Security Dispatch center. If no time, they are directed to turn to Emergency channel #3 and await instruction.
4. The Assistant Security Manager radios every other channel and advises all Department Heads that we are in an emergency and to switch to Emergency channel #3 to await instruction.
5. The Security Manager gives instructions to all Department Heads via Emergency channel #3. Department heads then instruct their team to remain on their channel for further instruction. Department Head checks back with Security Dispatch for further instruction, and goes back to his/her channel when released by dispatch.
6. Attendees: Announcements will be made from the Main Stage using the Public Address System throughout the festival area. Security, safety and
