SUMMARY

The Washoe County Board of Commissioners (Board) is asked to hold a public hearing for the second reading of an ordinance approving a second amendment to Development Agreement Case Number DA08-005, having introduced and conducted a first reading of the proposed ordinance on June 13, 2017. From a legal standpoint, it is not entirely clear from the statutory scheme whether this fits the statutory intent, or whether extensions of time are required to be merely ancillary to a

AGENDA ITEM # _____

full development agreement actually addressing the mandatory terms set forth in the statutes. Despite this apparent ambiguity in the statutory scheme, it has become common practice to approve mere extensions of time using the development agreement mechanism. This amendment to the Development Agreement is solely for the purpose of an extension of time for the approved tentative subdivision map for the Terrasante Tentative Map case number TM06-004. The proposed amendment will extend the potential date recordation of the first final map for the subdivision until June 6, 2022.

Washoe County Strategic Objective supported by this item: Safe, secure and healthy communities.

PREVIOUS ACTION

On June 6, 2006, the Washoe County Planning Commission approved tentative subdivision map case number TM06-004.

On May 13, 2008, the Board adopted the Development Agreement for Terrasante (DA08-005, ordinance number 1367.)

On April 13, 2010, the Board approved a first amendment to the development agreement, Amendment of Conditions Case AC10-002 (Ordinance number 1435).

Beginning in March of 2012, the Planning and Development Director granted annual one-year extensions for filing the first map for 5 years in a row until March of 2016.

BACKGROUND

The Planning Commission approved the Terrasante tentative map on June 6, 2006. The tentative map involves the development of a maximum of 210 residential lots on ±395 acres. The property is zoned Low Density Suburban (LDS) and is subject to the development standards of the “Reynen and Bardis Specific Plan.” The property is located in the Forest Area Plan. On May 13, 2008, the Board adopted a development agreement for the Terrasante subdivision which established that the first final map would be recorded within two years from the approval of the tentative map (June 6, 2008). This development agreement was amended on April 13, 2010 to extend the time for filing of the first map to June 6, 2012, with the potential for five one-year extensions to be determined by the Director of Planning and Development. Each of these annual extensions was granted, resulting in a new deadline of June 6, 2017 for filing of the first map. The current request to amend the development agreement would extend the time to file the first map to June 6, 2021, with an option for a one year extension, to be determined by the Director of Planning and Development, resulting in an ultimate deadline of June 6, 2022.

The applicant sites several reasons for the request to extend the filing deadline, including multiple ownership changes and adjusting to the development standard requirements imposed by the Truckee Meadows Water Authority after the water merger. The applicant’s application can be found as Attachment C to this staff report.

The purpose of the original development agreement was to establish timelines for construction of the project and establish that the project is subject to the design criteria and development standards identified on the tentative map, the Reynen and Bardis Specific Plan, and the Washoe County Code. The Development Agreement benefits Washoe County by ensuring that adequate utilities and services will be available prior to development and that the subdivision will be designed and built to the standards represented by the applicant. The development agreement also ensures that

the subdivision shall be developed in accordance with the approved tentative map and the applicable regulations in place at the time of the tentative map approval.

PROCESS TO AMEND THE DEVELOPMENT AGREEMENT

Under NRS 278.0205 and Washoe County Code (WCC) Section 110.814.40, such an amendment must be made by ordinance after special notice and a public hearing. Included as Attachment A is the proposed amendment which extends the potential date for recording the next final map until June 6, 2022 and provides that the agreement will terminate if the next map is not filed by then. Included as Attachment B is the proposed Ordinance adopting the amendment described in Attachment A.

PERIODIC REVIEW OF COMPLIANCE BY DEVELOPER

As required by NRS 278.0205 (1) and WCC Section 110.814.35 the Director of Planning and Development has reviewed the Development Agreement and the status of the project and believes that the developer is in good faith compliance with the terms of the agreement.

COMPLIANCE WITH MASTER PLAN

NRS 278.0205 (2) and WCC Section 110.814.40 (b) require that when Development Agreements are adopted or amended, there must be a finding that the agreement is consistent with the Master Plan.

When the tentative subdivision map was approved for Terrasante, the Planning Commission determined that the development was consistent with the Master Plan. The Development Agreement did not change any uses, standards or policies that would be inconsistent with the Master Plan. Likewise, this amendment makes no changes to uses, standards or policies that would be inconsistent with the Master Plan. Only the time schedule for development is being changed.

FISCAL IMPACT

No fiscal impact.

RECOMMENDATION

It is recommended that the Board hold the Public Hearing for second reading and possible adoption of the ordinance found in Attachment B, approving a Second Amendment to Development Agreement (Terrasante) amending and restating a Development Agreement originally approved in 2008 (DA08-005) regarding Terrasante Subdivision (approved in 2006 as Tentative Map TM06-004), and first amended on April 13, 2010 (case AC10-002). This agreement (Case Number AC17-0001) extends the deadline for the first final map to June 6, 2022.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be:

“Move to adopt Ordinance Number (insert ordinance number as provided by the County Clerk) and to set the effective date as established by Nevada Revised Statutes.”

Amendment of Conditions Application Supplemental Information

(All required Information may be separately attached)

Required Information

1. The following information is required for an Amendment of Conditions:
 - a. Provide a written explanation of the proposed amendment, why you are asking for the amendment, and how the amendment will modify the approval.
 - b. Identify the specific Condition or Conditions that you are requesting to amend.
 - c. Provide the requested amendment language to each Condition or Conditions, and provide both the **existing** and **proposed condition(s)**.

Washoe County entered into a Development Agreement with the property owner extending the deadline for filing a final map until June 6, 2010 (Ordinance No. 1367); the Development Agreement was later amended (Ordinance No. 1435) to further extend the deadline until June 6, 2012 with five additional one-year extensions through June 6, 2017. The current owner is requesting approval of the "Second Amendment to Development Agreement" to further extend that deadline to June 6, 2021 with an additional one year extension. The sole purpose of the Second Amendment to Development Agreement is to extend the time in filing a final map.

Please see attached information regarding circumstances requiring an extension of time to file a final map.

The original Development Agreement, "First Amendment to Development Agreement," and proposed "Second Amendment to Development Agreement" are attached.

2. Describe any potential impacts to public health, safety, or welfare that could result from granting the amendment. Describe how the amendment affects the required findings as approved.

There are no impacts to public health, safety, or welfare by granting this amendment, as its sole purpose is to extend the time in filing a final map for a project that is already approved.

The amendment does not affect the required findings as approved as its sole purpose is to extend the time in filing a final map for a project that is already approved.
