**RE: Request for a Development Agreement for the Montreux Subdivision (TM0007-002)
(APNs 148-010-60 & 148-351-08)**

Dear Mr. Lloyd,

On behalf of the applicant, Mana Montreux, LLC, representing the Landowner, RVI Planning appreciates your consideration of the enclosed Amendment of Conditions application requesting an Agreement for the Montreux Subdivision (TM0007-002) to extend the deadline for presenting for approval the next in a series of final maps to July 24, 2027.

This Amendment of Conditions application package includes the following:

- Application Fee
- Development Application
- Owner Affidavits
- Proof of Property Tax Payment
- Supplemental Information
- Montreux Agreement
- Project Description (this letter)
- Montreux Unit 8B Tentative Map
- Application Map
- Illustrative Tentative Map Site Plan

Background

The project area is located south of Mount Rose Highway, at Bordeaux Drive, within the approved Montreux Subdivision. The Montreux Subdivision was approved with conditions on September 20, 2000, for a single-family residential, common open space subdivision. Since project approval, 14 final maps have been recorded, and a Development Agreement concerning the development of the land was recorded on August 2, 2010 (Document No. 3907664). Additionally, the Development Agreement was amended and extended to further extend the deadline for presenting for approval the next in a series of final maps to July 24, 2021 (Document No. 4377488), with approval by the Director of the Planning and Development Division.

The most recent final map was recorded on June 14, 2021, extending the deadline for presenting for approval the next in a series of final maps to July 24, 2023. An extension of time request was subsequently approved by the Planning Commission on May 2, 2023, extending the deadline to July 24, 2025. An additional Development Agreement was approved by the Board of County Commissioners extending the deadline for presenting for approval the next in a series of final maps to July 24, 2026 (Document No. 5591022), in accordance with NRS 278.360.

Request

This request is for an Agreement for the Montreux Subdivision (TM0007-002) to extend the deadline for presenting for approval the next in a series of final maps to July 24, 2027. A final map for Montreux Unit 8B was submitted to Washoe County with the goal of recording the map prior to the expiration of the Development Agreement. While the final map was undergoing final review

for signatures and approval, an easement concern was identified. It was determined that the easement must be abandoned prior to recordation of the final map. Processing the easement abandonment will extend the recordation of the final map beyond the July 24, 2026 deadline.

The easement requiring abandonment is an existing sanitary sewer easement pursuant to Parcel Map No. 5308 (Document No. 2767922), located within the Tentative Map area commonly known as "Montreux 8B" on APN 148-010-60. To facilitate recordation of the final map, a separate easement abandonment application was submitted to the Planning Commission on July 8, 2026, and is expected to be approved on or soon after September 1, 2026.

NRS 278.360(1) allows the parties to enter into an agreement regarding the extension of time to present for approval the next in a series of final maps. The requested one-year extension will allow sufficient time to complete the easement abandonment and record the final map.

The applicant has secured all remaining signatures and agency approvals necessary to move forward with recordation of Montreux Unit 8B following approval of the easement abandonment and Development Agreement. As detailed in the Agreement, the applicant will continue to comply with all terms of the previously approved Development Agreement for the Montreux Subdivision.

The applicant remains dedicated to developing the project in accordance with the approved Tentative Map and associated Conditions of Approval and the previously approved Development Agreement and is continuing the preconstruction process of obtaining bids and preparing the project for construction and expects it to commence as soon as possible.

Thank you for your consideration. Please contact me at (775) 321-6538 or kdowns@rviplanning.com if you need any further information.

Sincerely,

RVi Planning + Landscape Architecture

Karen Downs, Director of Planning

DEVELOPMENT AGREEMENT
(MONTREUX 2000)

THIS DEVELOPMENT AGREEMENT ("Agreement") is made by and between **TOIYABE INVESTMENT CO, A NEVADA CORPORATION; HELVETICA CTV CROSSBOW, LLC, A NEVADA LIMITED LIABILITY COMPANY; HELVETICA TAMPA 24, LLC, a DELAWARE LIMITED LIABILITY COMPANY; and PASSIVE CREEK, LLC, a NEVADA LIMITED LIABILITY COMPANY** (collectively referred to as the "Landowner"), and the **COUNTY OF WASHOE**, a political subdivision of the State of Nevada ("County").

1. GENERAL.

1.1 Property. The Landowner is the owner of real property located in Washoe County, Nevada consisting of approximately 37.01 acres (the "Property") as more particularly described in Exhibit A, attached hereto.

1.2. Tentative Map. The Property has an approved tentative map for 357 residential lots known as Tentative Subdivision Map Case File No. TM0007-002 (Montreux 2000) (the "Tentative Map"). Said approval was granted by the Washoe County Commission on September 19, 2000. To date, 14 final maps have been recorded for a total of 301 lots. Landowner has been filing final maps in a series as authorized by NRS 278.360(1)(a). The development of the Property must be conducted pursuant to the provisions of the Tentative Map and the Washoe County Development Code (the "Code").

1.3 Previous Final Maps. Landowner has recorded 14 final maps in the office of the Washoe County recorder resulting in 301 legal residential lots being created for portions of the project consisting of the following Tract Maps: TM 3894, TM 3991, TM 4284, TM 4391, TM 4395, TM 4550, TM 4643, TM 4672, TM 4879, TM 5073, TM 5074, TM 5075, TM 5076, TM 5431.

1.4 Prior Development Agreements. On July 13, 2010, the Washoe County Board of County Commissioners (Board) approved Development Agreement Case Number DA10-001 for

Montreux 2000 (Tentative Subdivision Map Case No. TM0007-002). The purpose of the Development Agreement was to extend the deadline to record the next final map until July 24, 2012, with the possible extension of the expiration date until July 24, 2014, at the discretion of the Director of Community Development.

May 8, 2019, the Washoe County Director of Planning and Building approved an extension of time as allowed by the development agreement so that the deadline to record the next final map was extended to July 24, 2021.

On May 2, 2023, an extension of time request was approved by the Planning Commission extending the deadline for presenting the next in a series of final maps to July 24, 2025, in accordance with NRS 278.360.

On November 18, 2025, by the Board of County Commissioners (Board) approved a Development Agreement Case No. WAC25-0016 for Montreux extending the deadline for presenting the next in a series of final maps to July 24, 2026, in accordance with NRS 278.360.

1.5 Next Final Map Requirement. Pursuant to NRS 278.360(1), unless the parties have entered into this agreement concerning the development of land authorized by NRS 278.0201, the Landowner must cause a final map (the "Final Map") to be presented for signature by the Director of Planning and Building in accordance with section 110.610.50 of the Washoe County Code, prior to the expiration of the Tentative Map on July 24, 2027.

1.6 Circumstances Warranting an Extension of Time for the Tentative Map. A Final Map for Montreux Unit 8B was submitted to Washoe County with the goal of recording the Map prior to the expiration of the Development Agreement. While the Final Map was undergoing final review for signatures and approval, an easement concern was identified.

It was determined that the easement must be abandoned prior to recordation of the Final Map. Processing the easement abandonment will extend the recordation of the Final Map beyond the July 24, 2026 deadline.

The parties believe it is in the public interest to enter into this Agreement to provide additional time to record the easement abandonment and to record the Final Map for Montreux Unit 8B.

2. AGREEMENT CONCERNING DEVELOPMENT OF LAND.

2.1 Compliance with NRS 278.0201 and Washoe County Development Code. This Agreement is an agreement concerning the development of land under NRS 278.0201 and Article 814 of the Washoe County Development Code. The Landowner is the owner of fee title to the Property, and therefore has a legal interest in the Property. In compliance with NRS 278.0201(1), the following covenants, terms and conditions are set forth:

2.1.1. The land which is subject to this Agreement is approximately 37.01 acres in Forest Planning Area, more particularly described in Exhibit A: Legal Description.

terms of this Agreement shall remain binding and enforceable regarding construction or development commenced, and any related permits, on any portion of the Property subject to a tentative map, a recorded final map or any use permit in existence at the time of expiration of this Agreement. This Agreement also incorporates the Amended Conditions of Approval in Amendment of Conditions Case Number WAC25-0016 for Tentative Subdivision Map Case Number TM0007-002 (Montreux 2000), attached hereto as Exhibit C. The parties agree that these Amended Conditions of Approval (WAC25-0016) as well as the original Conditions of Approval for Tentative Subdivision Map Case Number TM0007-002 are the operable conditions of approval and survive termination of this Agreement.

2.1.3. This Agreement shall terminate and all amended and original conditions of approval for TM0007-002 shall be in full force and effect upon recordation of the next Final Map. Changes in federal, state or county law concerning public health, safety or welfare will apply to any final map or other permit. Future final maps, if any, must then be presented in accordance with NRS 278.360 and Washoe County Code Section 110.610.50.

2.1.4. The permitted uses on the Property and the density or intensity of its use, are as provided in the Tentative Map and the Code. 2.1.5. The maximum height and size of the proposed buildings will comply with the Tentative Map.

2.1.6. The provisions for the dedication of any portion of the Property for public use are as provided in the Tentative Map and the Code.

2.1.7. Terms and conditions relating to construction and financing of necessary public improvements and facilities are in accordance with and as provided for in the Tentative Map and the Code and will also be in accordance with any subdivision improvement agreements for future final maps.

2.1.8. Phasing and deadline dates for project grading and development with information on required bonding or other acceptable guarantees of performance and completion (Article 610 Washoe County Development Code) for each development phase or stage will be addressed with the submittal of each final map.

2.1.9 The next final map shall be a minimum of five residential lots, and shall be recorded on or before the date of expiration of this Agreement. All successive final maps, if the Landowner chooses to record in a series, must include a minimum of five residential lots. Unless otherwise provided herein, the deadlines for any future final maps shall be governed by NRS 278.360.

2.1.10 Development standards for the Project are set forth in the amended conditions of approval and the conditions of the Tentative Map as referenced in section 2.1.2 of

this development agreement, attached hereto as Exhibits B and C, and future final maps.

2.2 Code and Changes to the Law. The parties agree that changes in federal, state or county law concerning public health, safety or welfare will apply to any final map or other permit.

2.3 Public Notice. Any and all public notices required to be given in connection with this Agreement shall be given in accordance with Section 110.814.25 of the Code.

2.4 Assumption of Risk. The Landowner acknowledges and agrees that the Landowner is proceeding voluntarily and at its own risk in entering into this Agreement and without advice, promises or guarantees of any kind from the County, other than as expressly set forth herein. The Landowner waives any claims for damages against the County that might arise out of, or relate to, a subsequent court determination that this Agreement or any provision in it is invalid and/or unenforceable, including any claim based on NRS 278.0233(1) regarding the requirements, limitations, or conditions imposed pursuant to this Agreement.

2.5 Default and Termination of Agreement. This Agreement shall become null and void, in the event of noncompliance with any term or deadline set forth in this Agreement if the breaching party fails to fully cure such noncompliance after reasonable written notice and opportunity to cure, and all proceedings concerning the Tentative Map shall be terminated, provided that all the terms of this Agreement shall remain binding and enforceable regarding construction or development commenced, and any related permits, on any portion of the Property subject to a tentative map, a recorded final map or any use permit in existence at the time of termination of this Agreement.

3. MISCELLANEOUS PROVISIONS.

3.1 Time is of the Essence. Time is of the essence in this Agreement.

3.2 Waivers. No waiver of any breach of any covenant or provision herein contained shall be deemed a waiver of any preceding or succeeding breach thereof, or of any other covenant or provision herein contained. No extension of time for performance of any obligation or act shall be deemed an extension of time for performance of any other obligation or act except those of the waiving party, which shall be extended by a period of time equal to the period of the delay.

3.3 Assignability of the Agreement. This Agreement shall be binding upon and inure to the benefit of all future successors in interest of the Property as described in Exhibit A (Legal Description), and the successor shall assume the duties and obligations under this Agreement.

3.4 Entire Agreement. This Agreement is the final expression of, and contains the entire agreement between, the parties with respect to the subject matter hereof and supersedes all prior understandings with respect thereto.

3.7 Written Amendments. Amendments to this Agreement, if any, shall be approved as provided in NRS 278.0205.

3.8 Future Cooperation. Each party shall, at the request of the other, at any time, execute and deliver to the requesting party all such further instruments as may be reasonably necessary or appropriate in order to effectuate the purpose and intent of this Agreement.

3.9 Third Party Beneficiary Rights. This Agreement is not intended to create any third-party beneficiary rights in any person not a party hereto.

3.10 Interpretation. The parties hereto acknowledge and agree that each has been given the opportunity to review this Agreement with legal counsel independently. The parties have equal bargaining power and intend the plain meaning of the provisions herein. In the event of an ambiguity in or dispute regarding the interpretation of the Agreement, the interpretation of this Agreement shall not be resolved by any rule of interpretation providing for interpretation against the party who causes the uncertainty to exist, or against the draftsmen.

3.11. Counterparts. This instrument may be executed in two or more counterparts, which, when taken together, shall constitute one and the same instrument. END OF CONDITIONS

Exhibit “C”

**Amended Conditions of Approval
(Amendment of Conditions Case Number WAC25-0016 for Tentative Subdivision Map
Case Number TM0007-002 (Montreux 2000))**

Amended Conditions of Approval

Amendment of Conditions Case Number WAC25-0016

For Tentative Subdivision Map Case Number WTM0007-002

The project approved under Amendment of Conditions Case Number WAC25-0016 for Tentative Subdivision Map Case Number TM0007-002 shall be carried out in accordance with the Amended Conditions of Approval granted by the Board of County Commissioners on October 28, 2025, as well as the original conditions of approval approved by the Planning Commission on September 20, 2000. To the extent that these amended conditions of approval conflict with the conditions of September 20, 2000, these amended conditions shall prevail. Conditions of approval are requirements placed on a permit or development by each reviewing agency. These conditions of approval may require submittal of documents, applications, fees, inspections, amendments to plans, and more. These conditions do not relieve the applicant of the obligation to obtain any other approvals and licenses from relevant authorities required under any other act or to abide by all other generally applicable Codes, and neither these conditions nor the approval by the County of this project/use override or negate any other applicable restrictions on uses or development on the property.

Unless otherwise specified, all conditions related to the amendment of conditions approval (Case Number WAC25-0016) associated with the 2025 Development Agreement for Tentative Subdivision Map Case Number TM0007-002 shall be met or financial assurance must be provided to satisfy the conditions of approval prior to issuance of a grading or building permit. The agency responsible for determining compliance with a specific condition shall determine whether the condition must be fully completed or whether the applicant shall be offered the option of providing financial assurance. All agreements, easements, or other documentation required by these conditions shall have a copy filed with the County Engineer and the Planning and Building Division.

Compliance with the conditions of approval related to the tentative subdivision map is the responsibility of the applicant, his/her successor in interest, and all owners, assignees, and occupants of the property and their successors in interest. Failure to comply with any of the conditions imposed regarding the approved tentative subdivision map may result in the initiation of revocation procedures.

Washoe County reserves the right to review and revise the conditions of approval related to this tentative subdivision map should it be determined that a subsequent license or permit issued by Washoe County violates the intent of this approval.

For the purpose of conditions imposed by Washoe County, "may" is permissive and "shall" or "must" is mandatory.

Conditions of approval are usually complied with at different stages of the proposed project. Those stages are typically:

- Prior to permit issuance (i.e., grading permits, building permits, etc.).
- Prior to obtaining a final inspection and/or a certificate of occupancy.

- Prior to the issuance of a business license or other permits/licenses.
- Some “Conditions of Approval” are referred to as “Operational Conditions.” These conditions must be continually complied with for the life of the project or business.

FOLLOWING ARE CONDITIONS OF APPROVAL REQUIRED BY THE REVIEWING AGENCIES. EACH CONDITION MUST BE MET TO THE SATISFACTION OF THE ISSUING AGENCY.

Washoe County Engineering and Capital Projects
