

April 26, 2024

I received your notice that the Crystal Bay Club is requesting to have the Gamblers Run Music Festival July 26-28th. My husband and I live directly behind the Crystal Bay Casino parking lot where the event was held last year. I'm surprised they are having another event since last years was unsuccessful and they offered free entry on the last day with refunds for those that paid- meanwhile with very few people attending the dicibels were very high reaching 104. I have recordings taken from one of our bedrooms facing the event. On the last day that was offered free it went beyond the allotted time and I had to call to complain. If you are to approve the event I would like you to emphasize to the Crystal Bay Casino that they must adhere to a lower volume and cut off time out of consideration to those residents that live in close proximity to them. It was a long 3 days dealing with the loud volume traveling into our living space so once again please put restrictions on volume and cut off time.

Sincerely

Irma Arechiga  
Crystal Bay, NV
