To The Washoe county Planning Commission. Hello Commissioners. I am a landowner in this area. I believe that this extension should be granted for another 2 years. As you are no doubt aware , there are already numerous solar projects in the planning stages in this area. These projects will need to access this transmission line . This permit has already been previously approved, so it makes sense to extend it. These solar projects will be a huge benefit to Washoe County, and the landowners, as this use is the highest and best use of the land in this area. Thank- you — Jim Linscott. Reno
