

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

WASHINGTON, DC 20410-1000

This Worksheet was designed to be used by those "Partners" (including Public Housing Authorities, consultants, contractors, and nonprofits) who assist Responsible Entities and HUD in preparing environmental reviews, but legally cannot take full responsibilities for these reviews themselves. Responsible Entities and HUD should use the RE/HUD version of the Worksheet.

Worksheet Summary

Provide a full description of your determination and a synopsis of the information that it was based on, such as:

- Map panel numbers and dates
- Names of all consulted parties and relevant consultation dates
- Names of plans or reports and relevant page numbers
- Any additional requirements specific to your program or region

Include all documentation supporting your findings in your submission to HUD.

According to the National Wetlands Inventory (NWI) interactive online map, the proposed project is not located on a wetland identified by the U.S. Fish and Wildlife Services (USFWS). There are wetlands associated with the Truckee River approximately 0.24 miles south of the site. Between the site and the wetlands, the area is fully developed; therefore, the proposed project would have no effect on the wetlands surrounding the Truckee River. In addition, no wetlands were observed during the biological field survey. Please see attachment for USFWS Wetland Map.
