INTRODUCTION

Welcome to the Family Handbook for Washoe County Department of Juvenile Services (Juvenile Services). The Department provides probation supervision, innovative case management strategies, accountability, public safety, and a safe & secure detention center to meet the interests of the juvenile, families, and community we serve.

When a juvenile has contact with law enforcement, it can be overwhelming and confusing. Our goal is to help family members understand our local juvenile justice system and their rights and responsibilities. This handbook is one way to obtain information; however, we can answer any other questions that may arise through this process.

CITATIONS AND ARRESTS

Juvenile Services is the local government agency responsible for receiving and processing all law enforcement referrals for juveniles in Washoe County. These referrals are routed to the Department in the form of a written citation or an arrest and booking into the local juvenile detention center known as Wittenberg Hall.

CITATIONS

The law enforcement agency that issued the juvenile a citation usually forwards a report to the Department within 7-15 business days. The citation will be processed and assigned to a member of our staff based on the severity of the offense and other factors included in the citation.

- The juvenile may be scheduled for a meeting to discuss the citation with a member of our staff;
- The juvenile may be recommended for a diversion program such as informal supervision per NRS 62C.200;
- The juvenile may be scheduled for a plea hearing in Juvenile Court.

Juvenile Services will send information explaining when and if a juvenile must appear for a meeting with a member of our staff generally within two weeks of receiving the citation. More information and instructions will be included in this document advising you and your juvenile of your rights and responsibilities.

ARREST

If a juvenile is arrested by a law enforcement agency for allegations of a delinquent act, they will be transported and booked into our local juvenile detention center (Wittenberg Hall). During the admission process, you will be contacted by telephone and advised of your responsibilities and whether your juvenile is detained pending further court action.

ARRESTED AND RELEASED

Releases may occur to a parent or guardian's custody in the following ways:

- Release on home supervision or other conditions pending a scheduled detention hearing, usually the next business day, but no later than 72 business hours.
- Release with no restrictions pending contact with a member of our staff or future court appearances.

ARRESTED AND DETAINED

If your juvenile is arrested and detained, you will be notified of your responsibilities and advised of the time, date, and location of your juvenile's detention hearing, usually the next business day.

Unless you choose to hire a private attorney, your juvenile will be represented at this hearing by the Public Defender's Office. At the detention hearing the Judicial Officer will determine if your juvenile will be detained, released, or released on house arrest with or without electronic monitoring, or with special conditions pending further court appearances.

PARENT RESPONSIBILITIES

If your juvenile is cited or arrested, you will be contacted by a member of our staff and provided further information and instructions. It is your responsibility to provide accurate contact information and be an active participant in this process. You may be required to meet with a Probation Officer or Case Manager to discuss the offense and your juvenile's behavior. Factors such as severity of offense, prior involvement with the Department, and the results of risk and needs assessments may determine how your juvenile's case will be handled.

If your juvenile is required to appear before the Juvenile Court, you must contact the Public Defender's Office at 775-337-4800 or retain a private attorney of your choosing.

Nevada law requires juveniles to be represented by an attorney at any court proceeding.

PROBATION DIVISION

The Probation Division is an integral part of the Washoe County Department of Juvenile Services. Juvenile Probation Officers (JPOs) prepare investigative reports using the State of Nevada's approved evidenced-based assessment tools, which are then used to assist the Juvenile Court in making dispositional decisions.

If a juvenile is ordered onto probation, they will be assigned a JPO who will provide community-based supervision using evidenced-informed case management strategies based on your juvenile's individual risks and needs. JPO's assist juveniles with completing community service, attending school, establishing positive peer relationships, and providing referrals to programs and services that help maintain a law-abiding lifestyle. JPO's make regular contact with juveniles in the office, in the juvenile's home, and at school to monitor case goals, behavior, and conformance with any probation conditions or other court orders.

In some instances, juveniles may be placed under the Informal Supervision of a Case Manager pursuant to NRS 62C.200. Informal Supervision diverts juveniles from formal prosecution based on a voluntary agreement to participate in programs, services, or pay restitution to a victim. The decision to offer a juvenile Informal Supervision is based a juvenile's delinquency history, severity of the offense, and other factors such as the estimated risk a juvenile present to the community.

COMMUNITY SERVICES UNIT

The Community Services Unit provides accountability, and juvenile and family development programs for juveniles and families involved in the juvenile justice system.

The accountability portion may include participation in community service or the Department's Work Program. These two programs encourage service to the public which benefits the entire Washoe County community. Community service can be completed at local parks, recreation areas, governmental buildings, and non-profit agencies.

The juvenile and family development portion provides evidence-informed programming pertaining to substance use, anger management, decision making, victim awareness, strengthening families, and more. Transportation is the responsibility of the parent/guardian.

- Education
- Recreation
- Medical Services
- Mental Health Services

It is the goal of the detention center to work with your juvenile to provide a safe and secure setting. If your juvenile is detained and you have any questions, please contact your Probation Officer.

HOW CAN I GET INVOLVED?

Obtain Knowledge

You should learn as much as you can by asking questions so that you can better support your juvenile. Your engagement in this process will help your juvenile to be successful.

Participate

You are encouraged to participate in the development of your juvenile's case plan by providing relevant information regarding your juvenile, family, values, culture, and history. Be prepared to participate in meetings, appointments, and court by providing information on progress and behaviors. Keep all paperwork in a folder (reports, letters, and notices). Also, keep notes regarding people you speak with, meetings or hearings scheduled, and other important dates and appointments. We must keep an open line of communication. Share your concerns, fears, positive aspects of your juvenile's life as well as offer suggestions that will aid in successful programming, treatment planning and return to the community.

Advocate

You can help. We ask that you encourage your juvenile to actively participate in programs and treatment. At Juvenile Services, we find when parents are actively involved the juvenile experiences greater success.
