"Thank you for the assistance and this program. Without the city help, me and my kids would have been in a shelter. So thankful for assistance like this".

Impact Statements

"I am very grateful for the assistance I received from the City of Reno. Without it I would have been homeless."

"At one point I was quite literally 2 months behind on my rent with the next months rent due in a couple weeks...The City of Reno rental assistance program stepped-up and within a day had contacted my property manager and gotten things squared away to the point that I was now all caught up. The program and people that work there are amazing."

"I was in between jobs and was facing eviction. City of Reno helped me more than I even asked for."
