

# CSD Operational Plan

## Covid-19 Response and Operations Plan

- CSD Primary Objectives
  - Continue to provide life safety actions, i.e. Park, Road, Facility operations, emergency response.
  - Continue to provide Planning and Development intake and permitting activities including Building, Planning, Engineering, Sewer, and Business License.
  - Provide a safe working environment for the above objectives to occur.
  - Do our part as a community to lessen the transmission of COVID-19 to help in keeping our healthcare system functioning for those that truly need it.
  - Keep Washoe County employees working.

## Covid-19 Response and Operations Plan

### Park Operations

- What we know – Parks are and will continue to be a critical component to our community's physical and mental well-being as we navigate this pandemic.
- Since March 17, parks remained open, but we continued to close amenities within the parks which included areas where people could gather and high touch surfaces.
- We wanted to Remain as consistent as possible regionally, communicating with our local parks and recreation leaders in Reno, Sparks, Carson City and others agencies in Nevada.

# Regional Parks & Open Space
