Changing the Way Kids Eat and Learn

SUMMER
2020

WEEK 1: JUNE 8-12 BUG'S LIFE

Dive into the world of bugs! From bees to grasshoppers, ants, butterflies, and grubs, we'll explore the habits and homes of the creepy-crawly critters living in our garden.

WEEK 2: JUNE 15-19 VINCENT VAN GARDEN

Unleash your inner artist! Learn how to use natural materials from the garden to make your own artistic creations.

WEEK 4: JUNE 29-JULY 2 THE FUNKY BEETS

Funky Farmers on the BEET! Clash of the cabbage and kazoo! Let's make music in the garden and listen close to the sounds nature makes for us!

WEEK 3: JUNE 22-26 BUILDER BEES

Join us for a week full of all things engineering! We'll get our hands dirty coming up with ideas for simple machines and turning them into reality in the garden.

WEEK 5: JULY 6-10 ONCE UPON A FARM

Adventure awaits! Step into the pages of your favorite fairytales and watch as giants, fairies, and gnomes come alive in the garden.

WEEK 6: JULY 13-17 SUPERFOOD FOR SUPERHEROES

It's a bird...it's a plane...it's cruciferous veggies? Come investigate why farm fresh super foods are the heroes of our health.

WEEK 7: JULY 20-24 BARNYARD BUDDIES

Cattle and chickens and goats...oh my! Let's explore the majesty of mammals and their feathered friends to examine their importance in our everyday lives.

WEEK 8: JULY 27-31 PEPPERS, POPPIES, AND POTATOES

It's alive! Discover the mysteries of your surroundings by looking deeper into the secret lives of plants.

WEEK 9: AUGUST 3-7 WATER WHISPERERS

Become a water warrior! Unearth the challenges facing our watershed, identify and observe the creatures living in our water, and make a mucky mess in the garden.

WEEK 10: AUGUST 10-14 A TASTE OF SUMMER

Our Educators will be picking their favorite games and activities for this bonus week of camp!
