

Volunteer Report

Open Space and Regional Park Commission Meeting
June 1, 2021

Volunteer Updates

- April Total Hours: There were a total of 936.5 volunteer hours in April. This impressive amount of volunteer time was especially appreciated considering that all volunteer time was suspended last April due to COVID.
- Groups that volunteered with us in April included Whites Creek Dental, Boys Team Charity, UNR Pre Dental Society, Blue Key Society, Uplift.com, and various scouting groups. However, a significant portion of volunteer hours were the collective efforts of many individuals.
- In April, COVID restrictions on group sizes were still in place limiting groups to around 25 volunteers or less, along with mask mandates.
- Parks Volunteer Coordinator Denise Evans attended a half day training on working with volunteers in a trail maintenance capacity hosted by Chinook Recreational Trail Consultants.

Upcoming Events

- We continue to work with many Truckee Meadows Community College students needing 8 hours to meet the requirements of the Nevada Promise Scholarship. We have created group projects allowing solo students to sign up, as well as working one on one with individuals to help them achieve their hours.
