RE: Carcione and Canepa Ranch Recreation Access Plan – Letter of Support

To whom it may concern,

On behalf of the One Truckee River (OTR), I am expressing my support of the Carcione and Canepa Ranch Recreation Access Plan (the Plan) along the Truckee River. The Plan aligns directly with OTR's goals, particularly *Goal 2: Create and sustain a safe, beautiful and accessible river connecting people and places*. The amount of public outreach conducted and public input received to present the proposed plan speaks to the dedication of staff and desire by residents to protect the Truckee River, watershed and trails.

Please accept this letter in support of the plan, which is a valuable component of regional efforts by local, regional and state stakeholders to protect and improve access to the Truckee River.

Sincerely,

Sonia Folsom

Sonia Folsom

One Truckee River, Board Secretary
