Regional Trails Plan Update

THE TRUCKEE MEADOWS TRAILS PROGRAM

MISSION

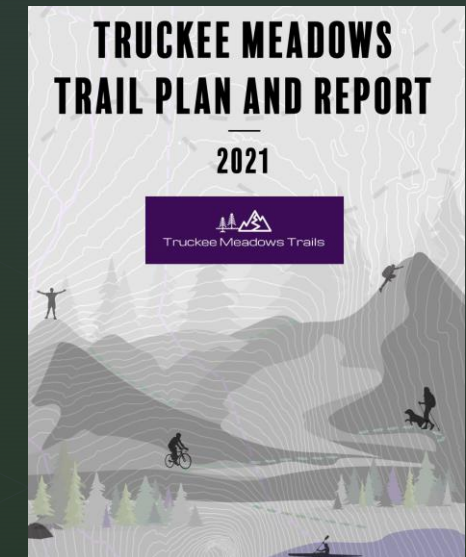

To work with community and agency partners to create a regional, sustainable, system trail network that enhances the quality of life for Truckee Meadows residents.

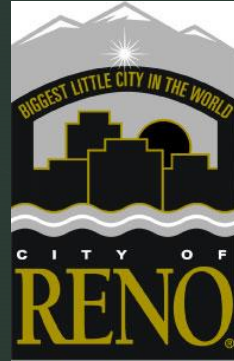

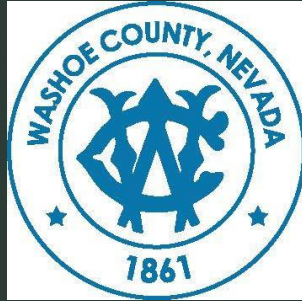

VISION

A healthy Truckee Meadows community connected by trails.

Plan Sections and Strategic Actions

KEY PLAN RECOMMENDATIONS

New Developments

- new developments and easements
- consideration of trails and trailheads by agencies and developers

Collaboration on Project Planning and Implementation

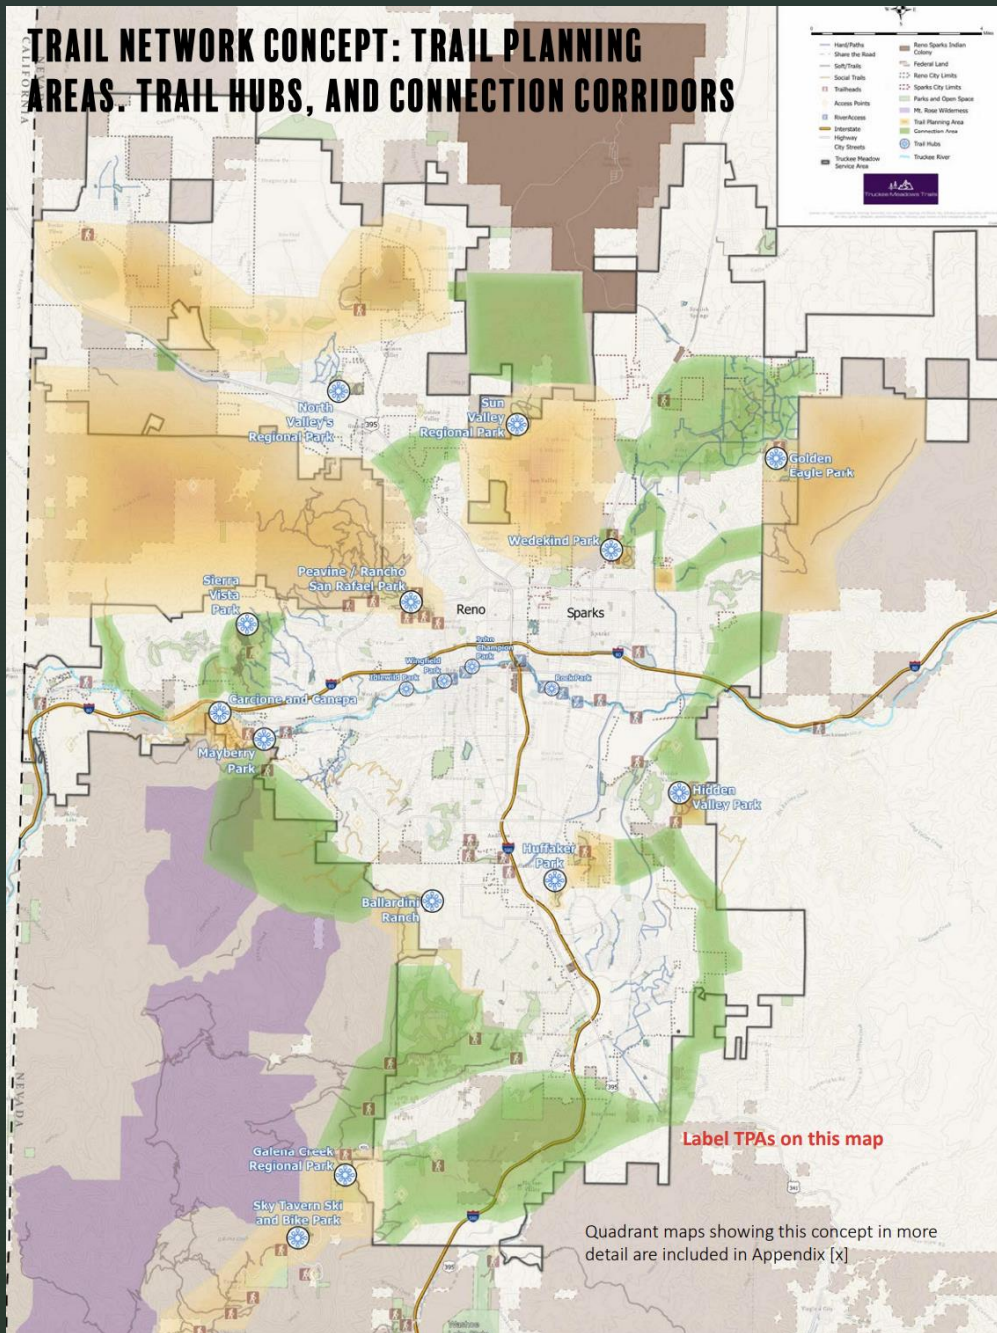

- local gov and regional plans concept crosswalk and inclusion
- program involvement with land management representatives
- project management

Planning and Design Standards

- user group and construction standards for trails
- shared use paths and protected bike lanes
- trail maintenance and upgrade

Truckee Meadows Park District

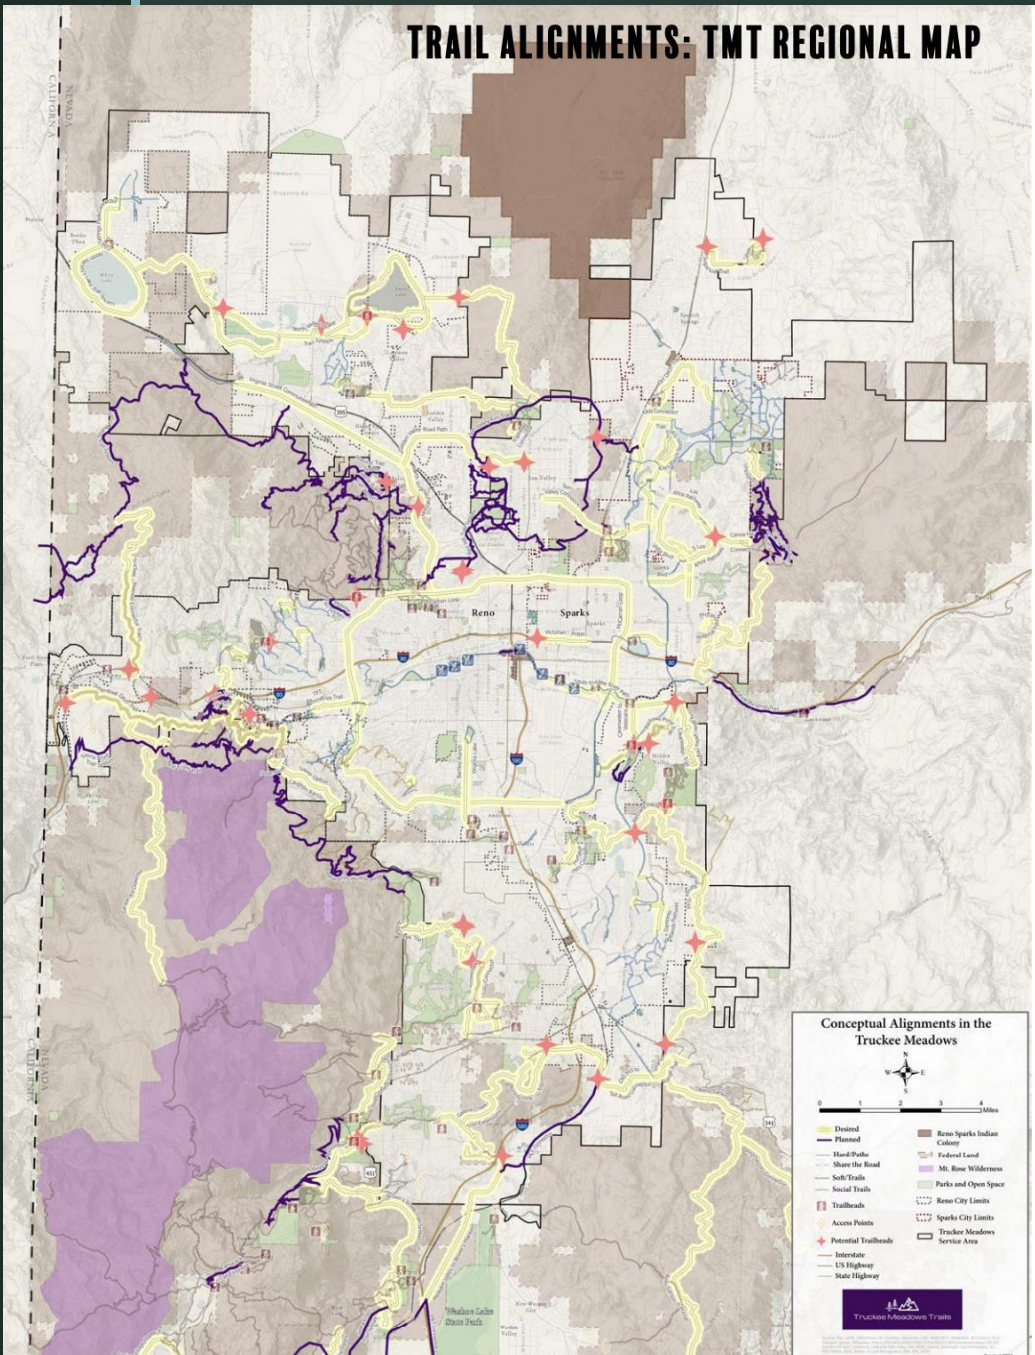

TRAIL NETWORK CONCEPT: TRAIL PLANNING AREAS, TRAIL HUBS, AND CONNECTION CORRIDORS

CONCEPTUAL NETWORK MAP

PLANNING
Trail Planning Areas
Connection Corridors
Trail Hubs

TRAIL ALIGNMENTS: TMT REGIONAL MAP

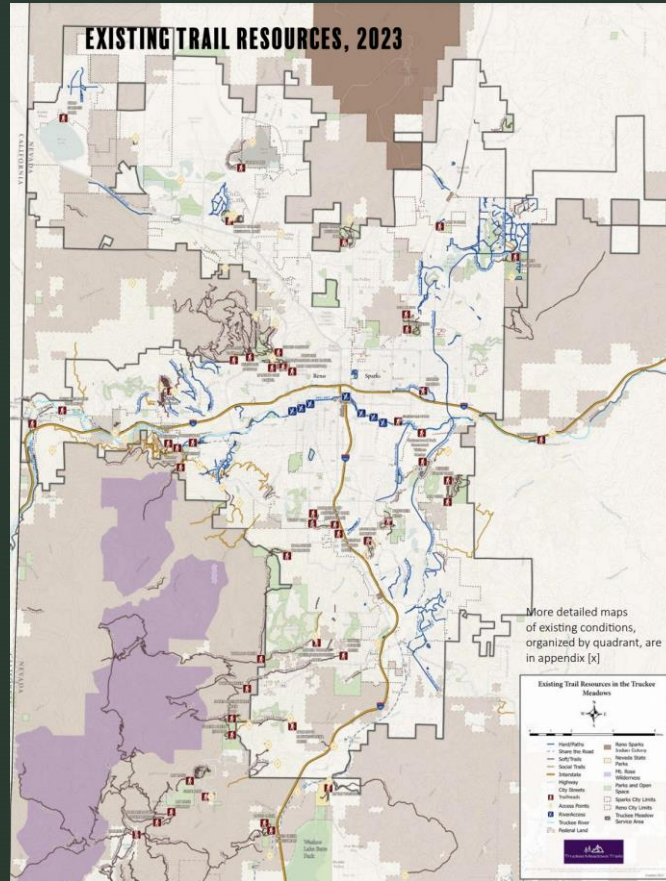

ALIGNMENTS

Existing

Planned

Desired

DEVELOPMENT COORDINATION SYSTEM

TMRPA, TMT, Local Governments, Development Community

- encourage interaction between the plan / working group and developers.
- trigger system using trail database.
- flag developments for further coordination between all parties.

NEXT STEPS: Technical editing and WG review...then Park Commissions.
