

FAKE SNOW

Create your own indoor snow!

Fun for ages 2-5!

Materials:

- Baking soda
- White hair conditioner
- Bin/container to play in

Directions:

1. In your container, mix 2 1/2 cups of baking soda with 1/2 cup of white hair conditioner. THAT'S IT! (If the "snow" is too wet, add more baking soda until desired consistency.)
2. You can add so many accessories to this fun winter sensory bin. You can add twigs, pine needles, pine cones, your own winter animal toys, glitter, marbles, etc. The possibilities are endless! Have fun playing in the "snow"!
