

Holiday Popsicle Stick Craft

Materials:

- Popsicle sticks (plain ones work best for painting on)
- Glue
- Paint/paint palette/ paint brushes
- Accessories – pom pom balls, glitter glue, googly eyes, sequins, etc.

Directions:

1. Decide what holiday themed thing you would like to create. Examples: snowman, gingerbread man/house, reindeer, tree, penguin, etc.
2. Glue your popsicle sticks together so they're all laying side by side. Let dry.

3. Begin painting the holiday craft you'd like to create. It may take more than one coat of paint so let dry in between each coat.
4. Add any extra accessories you'd like!

5. If this is something you'd like to hang up, glue string to the back of the craft so it can be hung up later.
