**GENERAL INFORMATION AND OPERATIONAL REGULATIONS**

**GENERAL INFORMATION**

The ME license application checklist will be used by Washoe County Business License staff to validate that all required forms and information are submitted as part of the ME license application. The application will not be accepted until all items on the checklist are provided or completed.

All applicants on the Washoe County ME license application must match the applicants listed on the Nevada Department of Taxation ME license application. No new applicants may be added to the Washoe County ME license application without approval by the Nevada Department of Taxation.

If the applicant(s) is not the property owner(s) for the property on which the ME will be established, each property owner (to include general partners, officers and/or directors) must apply to the Washoe County Sheriff's Office for a criminal history inquiry. The ME business license will not be issued until all results from the inquiry are reported to the Washoe County Business License office. The application will be denied if an owner, partner, officer or director has been convicted of an excluded felony offense.

All materials submitted with this ME license application will be retained as part of the permanent public record for this license. Public records requests for ME business license application information will be evaluated by the Washoe County Business License office and the Washoe County District Attorney's Office to determine if any of the information qualifies as a confidential record under State Law or County Codes. The security plan as submitted to Washoe County is deemed to be a confidential document for sole use by the Business License office and reviewing agencies as set forth in WCC Section 25.740. Information deemed to be a public record will be provided to fill the public records request.

The ME license application fee does not include other agency inspection or review fees, fingerprinting, photographing, and/or criminal history inquiry costs. The ME quarterly license fee is in addition to any other license or permit fee imposed by this code or other governmental agencies.

Other licenses or permits may be required prior to Washoe County issuing its ME license. All required licenses or permits must be obtained prior to operation of the marijuana establishment. The applicant is responsible for all changes and additional time required to correct plans and/or obtain other required licenses or permits.

After Washoe County issues its ME license, the applicant shall provide Washoe County Business License with a copy of the issued Nevada Department of Taxation ME license within 10 calendar days of receipt of the State license.

The ME license is a quarterly license and must be renewed each quarter.

## **MARIJUANA ESTABLISHMENT LICENSE FEES**

### **Application fee; Term of License; Quarterly 3% License fee; Payment of fee**

A marijuana establishment license application fee is \$ 77.75. The application fee includes the \$ 2.75 Regional Technology Fee.

All marijuana establishment licenses are issued for one calendar quarter of a year, and must be renewed within 15 calendar days after the start of the calendar quarter. The calendar quarter periods for each year are as follows:

1. The first quarter begins on January 1<sup>st</sup> of each year. The quarterly license fee must be paid on or before January 15<sup>th</sup> of each year.
2. The second quarter begins on April 1<sup>st</sup> of each year. The quarterly license fee must be paid on or before April 15<sup>th</sup> of each year.
3. The third quarter begins on July 1<sup>st</sup> of each year. The quarterly license fee must be paid on or before July 15<sup>th</sup> of each year.
4. The fourth quarter begins on October 1<sup>st</sup> of each year. The quarterly license fee must be paid on or before October 15<sup>th</sup> of each year.

Each marijuana establishment licensed by Washoe County shall pay a quarterly marijuana establishment license fee. **The quarterly license fee is 3% of the marijuana establishment's reported quarterly gross revenue for the preceding quarter.** Gross revenue is defined in WCC Section 25.013. Each marijuana establishment must submit its quarterly gross revenue report to the license division no later than 15 calendar days after the start of each calendar quarter (see chart above). Each marijuana establishment shall calculate its quarterly license fee. The license division will not bill the establishment, but may send courtesy reminder notices to the establishment.

Each quarterly license fee must be paid in full no later than 15 calendar days after the start of each quarter (WCC Section 25.728, and see chart above). License fees may be paid in full, or in parts, in advance of the quarterly calendar due date.

The amount of the license fee which can be charged to any marijuana establishment is limited by the provisions of NRS Chapter 244, which establishes the maximum fee of 3% of a marijuana establishment's gross revenue. Since the license fee is established within State Law, the regional technology fee will not be collected as part of the marijuana establishment license fee.

Any marijuana establishment license may be automatically renewed when the establishment has paid in full the required quarterly license fees and has satisfied all of the provisions of WCC Section 25.748, to include the information required as part of an annual report.
