To Whom it Concerns:

I, Bishop Luther James DuPree am writing this reference letter to you on behalf of Thuy Tran-Schifferdecker. I have known Thuy for over 25 years as she has been a member of Rehoboth Church of God in Christ. From the time she joined she has always been active and has played a very intricate supportive role throughout the years. Thuy has always shown concern and been most influential in the growth and development of not only the church but in her quest to succeed and better herself. Not only does she seek to better herself, but she is constantly reaching out to others to inspire them to better their selves. Thuy serves at the church on the Board of Trustee and has served as a member, vice president and president. She has always been supportive physically and financially. She is a ambitious person and aside from being a top realtor in the area she is also highly active in other areas and has been instrumental in planning and hosting dinners at the McDonalds house.

I highly recommend her and believe she will be a great asset representing her constituents as she serves in District 2 Senior Advisory Board.

If you have any questions or concerns, please feel free to contact me at the 775-815-2322.

Sincerely,

Bishop Luther James DuPree Jr.
