Reference for Sue Meuschke

From: Frankie Sue DELPAPA

Please be advised that I am the former three term Nevada Attorney General 1991-2003. In that capacity I had the honor and privilege to work very closely over at least a seven year period with Sue on all matters related to domestic violence and sexual assault statewide. Also, when I taught a public class at the University of Nevada, Reno, she was a student of mine when she pursued her Masters Degree.

Sue is one of the most incredible individuals I have ever known or worked with and one of the most subject matter informed.

I could go on for pages as to all the things she did to assist me and work so hard regarding the above. Any entity would indeed be fortunate to have her participation.

Please do not hesitate to contact me to discuss her tremendous skill set. We have stayed in touch since I left office.

Respectfully,

Frankie Sue DELPAPA
