- 5. WCRCS P25 SYSTEM FINANCING AND COST ALLOCATION UPDATE** [For Discussion Only] – A review and discussion on the progress on Washoe County Regional Communications System (WCRCS) P25 financing and cost allocation to WCRCS members.

Quinn Korbolic, Washoe County Technology Services, shared that five agencies had committed to pre-pay their P25 infrastructure contributions. Washoe County was in the final stages of the financing noting the tremendous amount of work done by the Finance team to navigate the complex process. The bond sale date was set for July 22 with the funds expected after the sale was complete. Christine Vuletich, Washoe County, added that the County had been issued AA Stable and AA2 Stable credit ratings, the sale was expected to yield high demand and a low interest rate. In response to a question about the interest rate's impact on the agency contributions, it was shared that the agency contributions would likely be lower than projected and staff would return with those numbers after the bond sale.

Chair Moore spoke to the importance of the system and the ability for its funding to continue though agencies may be facing economic uncertainties due to the pandemic and reduction in the tax base.

- 6. IMPACT OF WCRCS P25 SYSTEM MEMBERSHIP CHANGES** [For Discussion Only] – A review and discussion of the potential impacts of potential changes to planned WCRCS P25 System membership, including but not limited to impacts to the operations & maintenance budget, P25 System Infrastructure financing, and P25 System Infrastructure design and construction.

Quinn Korbolic, Washoe County Technology Services, shared that Washoe County would be starting the process to sponsor the FBI on the new system. The request would be taken to the P25 Technical Advisory Committee and their recommendation would be brought forward to this Committee for final consideration. Pyramid Lake Paiute Tribe and the Nevada Air National Guard had indicated their intent to sign the new agreement but were still navigating their approval processes. Washoe County technically becomes responsible for covering the contributions of their sponsored agencies, though Washoe County will continue to pass the financial contribution to the sponsored agencies.

- 7. P25 RADIO SYSTEM JOINT OPERATING COMMITTEE MEMBERS AND/OR STAFF ANNOUNCEMENTS, REQUESTS FOR INFORMATION AND SELECTION OF TOPICS FOR FUTURE AGENDAS** [Non-action item] – The next meeting of the P25 Radio System JOC (Joint Operating Committee) is scheduled October 16, 2020.
