Nevada Shared Radio System Project Update: R2

Red indicates risk or site not built Green indicates work completion Yellow indicates work in progress

Site Name	Legal Access	-48V DC Power Available	Backhaul Installed and Tested	Confirm Tower Space	Confirm Floor Space	RF Install	Line and Antenna Install	Commission	Closeout Package Submitted	FATP	Final Site Inspection
Peavine											
Slide Mtn.											
Snowflake											
Virginia Peak											
Fox Mountain											
Mt Rose	Dave Metts										
Incline Substation	-		Fiber SOW Site								
Marble Bluff	Tribal										
Poito	Dave Metts										
Smokey Quartz	BLM										
Seven Lakes	BLM										
Ashfields	Joe Kircher										
Red Peak	Permits										

What are MicroRegions?

- P25 Upgrade Project was placed on a Program Pause as the NSRS members didn't have enough sites to provide L3Harris for P25 Line and Antenna work.
- Program Paused caused a series of Contracts negotiation discussions.
- One scenario was to break up Region 2 and Region 3 into smaller sections that could be accomplished this year.

MicroRegions- Affect on Washoe County

- Plan is to complete P25 Line and Antenna installation in Ely, Nevada, working up to Elko, Nevada. Then following the I-80 Corridor and go East to West.
- There is <u>not</u> a plan to bring up Reno this year, Due to unbuilt sites within our region. (Smokey Quartz, Seven Lakes, Biltmore)*
- However, the plan continues to install sites from Carson down to Hawthorne. To connect to existing Region 1 coverage
- The hope is to complete installations in the region around Pyramid Lake, possibly up to Gerlach.
 - WCRCS sites to complete would include:
 - Marble Bluff
 - Virginia Peak
 - Poito*
 - <mark>Fox</mark>*
 - Other NSRS sites:
 - Painted Rock
 - Eagle Ridge
 - Toulon
 - USA PKWY
- MicroRegions are still under discussion, and not fully vetted. We await a schedule and discussions with L3Harris.
- First request for change order REJECTED, Awaiting new draft from L3Harris Request For Change (RFC)

Questions & Concerns?
