NRS APPLICABLE:

NRS 244A.7645 provides approval of costs associated with maintenance, upgrade, and replacement of equipment necessary for the operation of the enhanced telephone system.

STAKEHOLDER REVIEW(s)

Stakeholder is primary PSAP's, Sparks Emergency Communications.

PREVIOUS ACTION & BACKGROUND

Washoe County Regional 911 Emergency Response Advisory Committee 5 Year Master Plan stated “A Regional PSAP backup plan should be revisited. The plan should include procedures, technology, and adequate facilities. It should include a backup site design that provides geographic and technical resiliency.” Purchasing laptops to operate the remote radio and computer aided dispatch systems, would allow Sparks PSAP to continue operations from remote locations if the Regional Emergency Communications Center were not able to accommodate Sparks staff during an abandonment.

FISCAL IMPACT

The Enhanced 911 Fund is a special revenue fund which receives revenue pursuant to NRS 244A.7643 in the form of telephone surcharges collected to support the emergency reporting system.

RECOMMENDATION

It is recommended that the E911 Emergency Response Advisory Committee approve the request to fund the costs associated with purchasing eight (8) laptops to operate remote Harris radio workstations and remote Tiburon workstations, and necessary accessories, for an amount not to exceed \$23,482.48.

POSSIBLE MOTION

Move to approve the recommendation that the E911 Emergency Response Advisory Committee approve the request to fund the costs associated with purchasing eight (8) laptops to operate remote Harris radio workstations and remote Tiburon workstations, and necessary accessories, for an amount not to exceed \$23,482.48.
