

DATE: January 8, 2021
TO: 911 Emergency Response Advisory Committee
FROM: Lisa Rose-Brown, Sparks Police Department, Police Service Manager, 775-353-2304, lrosebrown@cityofsparks.us
THROUGH: Chris Crawforth, Chief of Police
SUBJECT: Request for funding to purchase of four (4) Harris Symphony Radio Workstations to be installed at Sparks PSAP. [For possible action] - A review, discussion and possible action to approve, deny or otherwise modify a request for approval to purchase four (4) Harris Symphony Radio Workstations under the Washoe County /NSRS Contract. Purchase of the four (4) Workstations, necessary equipment and installation not to exceed \$212,289.26.

SUMMARY

[For possible action] - A review, discussion and possible action to approve, deny or otherwise modify a request for approval to purchase four (4) Harris Symphony Radio Workstations under the Washoe County /NSRS Contract. Purchase of the four (4) Workstations, necessary equipment and installation not to exceed \$212,289.26. This request is to replace Sparks' previously approved request in January 2020. Sparks was not reimbursed for the previous requested amount.

NRS APPLICABLE:

NRS 244A.7645 Provides approval of costs associated with purchasing, leasing or renting the equipment and software necessary to operate the enhanced telephone system, including, without limitation, equipment and software that identify the number or location from which a call is made , upgrade and replacement of equipment necessary for the operation of the enhanced telephone system.

STAKEHOLDER REVIEW(s)

Stakeholder is Sparks Police Department Public Safety answering Point.

PREVIOUS ACTION

In May 2015 the 911 Emergency Response Advisory Committee approved the purchase of four (4) Harris Symphony Radio workstations for Washoe County's PSAP. In January 2019. The Committee approved the purchase of three (3) additional Harris Symphony Radio workstations for the Washoe County PSAP. This request was previously approved but not reimbursed. Sparks is updating the request.

BACKGROUND

In January 2018, Sparks PSAP experienced a critical outage that required Sparks to relocate operations to the Regional Emergency Communications Center (back-up site). During a review of this incident it was realized that Sparks would not be able to accommodate Washoe County or Reno's PSAP's if they suffered the same type of incident.

Sparks PSAP started planning an update/remodel and expansion in 2019. Part of the plan was to increase the number of dispatch workstations to accommodate the growing needs of the City of Sparks and make room to temporarily accommodate at least one of the PSAP's if needed.

The current update/remodel plans for Sparks PSAP includes the increase from six (6) dispatch workstations to ten (10) dispatch workstations. The request for funding to purchase four (4) additional Harris Symphony Radio Workstations is a vital component that will allow all ten (10) workstations to be fully functional.

FISCAL IMPACT

The Enhanced 911 Fund is a special revenue fund which receives revenue pursuant to NRS 244A.7643 in the form of telephone surcharges collected to support the emergency reporting system.

RECOMMENDATION

It is recommended that the 911 Emergency Response Advisory Committee approve the request for funding to purchase four (4) additional Harris Symphony Radio Workstations, necessary equipment and installation for a cost not to exceed \$212,289.26 which will replace the previous request by Sparks from January 2020.

POSSIBLE MOTION

Move to approve the request from Sparks PSAP for funding to purchase four (4) additional Harris Symphony Radio Workstations, necessary equipment and installation for a cost not to exceed \$212,289.26.

Terms and Conditions:

- The terms and conditions of this quote are governed by the System Purchase Agreement between L3Harris Technologies and Washoe County dated 9/27/2018.
- Storing battery packs in not recommended because the chemicals in the battery degrade over time and this affects the functionality of the battery. Batteries that have been stored for longer than their warranty period (12 months) may become non-functional and will not be covered under L3Harris battery warranty.

Purchase Order requirements:

Purchase Order issued to L3Harris Technologies - PSPC - 221 Jefferson Ridge Parkway - Lynchburg, VA 24501
 The Purchase Order should include the following references:

Quote Name, Contract, and/or MBP# reference (as noted in #1 above if applicable), and CRM# listed on quote, if applicable.

All orders must contain valid model number, quantity, and price for each item
 Frequencies must be supplied with order if applicable

Requested Delivery Date; if related to Grant Funding, important to provide Grant name, Agency, deadline and product receipt deadline, when applicable.

Shipping will default to Best Way, 5 day ground, unless otherwise specific. Special shipping/delivery instructions (ex. Delivery lift gate required?) must be noted if applicable.
 Non Standard packing will be billed to the customer.
