STAKEHOLDER REVIEW(s)

Stakeholders are the Sparks Police Department Public Safety Answering Point.

PREVIOUS ACTION

On May 16, 2019 the 911 Emergency Response Advisory Committee approved the purchase of the existing 911 computer workstations to replace the 4 year old equipment in Sparks Police Department Emergency Communications.

BACKGROUND

Sparks Police Department Emergency Communications currently operates a 911 software system. Sparks Police Department has maintained and upgraded the system hardware and software through the maintenance agreement with the vendor. The server currently resides at the Sparks Police Department Emergency Communications Center located at 1701 E Prater Way. There is a secure connection from the server to the dispatch workstations and from there to the mobile terminals in each of the Police and Fire vehicles to get the call data for the emergency call information entered into the system and an emergency response is sent.

The Sparks Police Department purchased their existing equipment over 4 years ago to provide us with the same CAD dispatch system used by both the City of Reno and Washoe County. This

equipment runs 24x7 and has had several failures over the past year and is now beyond warranty. In addition, the workstations will meet the requirements for the new Hexagon CAD system that will be installed in the next year or two.

Each of the 6 workstations would require one (1) Dell Precision 3460 Workstation with 32GB of memory and Windows 10 Pro. All the current monitors and peripherals can still be used.

FISCAL IMPACT

The enhanced 911 Fund is a special revenue fund which receives revenue pursuant to NRS 244A.7643 in the form of telephone surcharges collected to support the emergency reporting system. Budget authority exists within the E911 Fund to purchase the workstation equipment for a cost of \$9,654.30.

RECOMMENDATION

It is recommended that the E911 Emergency Response Advisory Committee approve the request by the Sparks Police Department for funding in the amount of \$9,654.30 for six (6) new 911 computer workstations.

POSSIBLE MOTION

It is recommended that the E911 Emergency Response Advisory Committee approve the request by the Sparks Police Department for funding in the amount of \$9,654.30 for six (6) new 911 computer workstations.

Governing Terms: This Quote is subject to: (a) a separate written agreement between Customer or Customer's affiliate and Supplier or a Supplier's affiliate to the extent that it expressly applies to the products and/or services in this Quote or, to the extent there is no such agreement, to the applicable set of Dell's Terms of Sale (available at www.dell.com/terms or www.dell.com/oemterms), or for cloud/as-a-Service offerings, the applicable cloud terms of service (identified on the Offer Specific Terms referenced below); and (b) the terms referenced herein (collectively, the "Governing Terms"). Different Governing Terms may apply to different products and services on this Quote. The Governing Terms apply to the exclusion of all terms and conditions incorporated in or referred to in any documentation submitted by Customer to Supplier.
