

January 1, 2022

Dear Candidate for Elected Office:

During the course of your campaign you may be placing signs within the municipal boundaries of the City of Sparks. As you do so, please be aware of the regulations that apply to political signs.

The City of Sparks does not regulate the size nor the number of temporary signs you may place on any private property during election season, as defined in Section 20.04.010(L)1 of the Sparks Municipal Code. Please be aware, however, that no signs may be displayed in the public right-of-way or on public property. Please also note that any "permanent" type sign must comply with the City's building code and other requirements of Sparks' sign code (please refer to Section 20.04.010(F)).

Enclosed for your reference are the applicable sections of the Sparks Municipal Code: 20.04.010(E) – Prohibited Sign Locations; 20.04.010(F) – Standards, Limitations and Requirements for All Signs; and, 20.04.010(L) – Additional Signs During Election Periods.

Should you have any questions please contact our office at 775-353-2340. Good luck with your campaign.

Sincerely,

Armando Ornelas
